PROCEEDINGS OF THE GOVERNMENT OF MYSORE

Sub:- Release of land for the rehabilitation of the expropriated ryots of Sharavathy Valley and Bhadra Reservoir Projects.

No. AFD 464 FGL 59, dt. 5-10-59.

O R D E R.

Government has had under consideration the question of rehabilitating the expropriated ryots of Sharavathy Valley and Bhadra Reservoir Projects by releasing in their favour areas available for cultivation in the districts of Shimoga, Chickmagalur and North Kanara. Government has since carefully examined the question in all its aspects and is pleased to direct that the Divisional Commissioner Mysore Division and the CCF in Mysore, Bangalore should inspect the forest areas jointly ~~xxx~~ in the District and State Forests in Shimoga, Chickmagalur and North Kanara Districts and decide which of the areas can be released for cultivation. Government is also pleased to direct ~~this~~ their decision in this behalf will be final subject to ratification by Government. They should also recommend to Government such of the forest areas which ~~have~~ are known as Revenue Forests, Inam Forests, District Forests, Minor Forests, etc which are at present under the control of the Revenue Department ~~and which in their opinion be~~ for being handed over to the Forest Department for management.

2. Government is further pleased to direct that the Malki existing on the released forest areas should be disposed of by the Forest Department ~~very early~~ soon after the ~~decision taken by the~~ Chief Conservator of Forests in Mysore, Bangalore and the Divisional Commissioner, Mysore Division come to a decision ~~is communicated to the Forest Department after it is ratified by Government~~ known.

3. The CCF in Mysore, Bangalore and the Divisional

GOVERNMENT OF MYSORE.

No.P.C.114/59-60.

Office of the
Divisional Commissioner,
Mysore Division, Mysore,
Dated the 18th
26th October, 1959.

To

The Secretary to the Government of Mysore,
Agriculture and Forest Departments,
Vidhana Soudha,
Bangalore.

Sir,

Subject:- Release of lands for Displaced ryots - Joint inspection by the Divisional Commissioner, Mysore Division and the Chief Conservator of Forests.

--

In accordance with Government Order No. AFD 464 FGL 59, dated 5th October 1959 it is submitted that we, the Divisional Commissioner, Mysore Division and the Chief Conservator of Forests, conducted the first joint inspection of about 1,500 acres in Karakuchi Forest S.No.1 of Hanagere village and S.No.1 of Maleshankara village on 15.10.1959. There are two patches of land which look like abandoned fields of a Becharak village. These are also known as 'Hanagere Gadde' and 'Malashankara Gadde'. These are separated from each other by the forest land about a furlong in width. We both agreed that this land should be placed at the disposal of the Special Land Acquisition and Rehabilitation Officer, S.V.H.E.P., Sagar for allotment to displaced ryots subject to certain conditions. About 300 acres of land is available of which about 125 appears to be suitable for wet or garden cultivation. This land is in the midst of extensive area of about 1000 acres

proposed

proposed to be developed as a Teak Forest. We, therefore, felt that in the Saguvali Chit and Mutchalika to be issued to these ryots it should be made a condition that the land is given on lease for a period of fifteen years in the first instance and that in the event of the owner or his tenant committing any breach of the Forest Law, the land will be liable to be summarily resumed to Government without any compensation and the ryot or his tenant etc., will be liable for summary eviction and the compensation payable to the ryot will be only the value of the land acquired as fixed by the Land Acquisition Officer without any interest thereon since the land granted in exchange has been resumed. We are also of the opinion that a detailed survey and fixing of the boundary marks without any delay is essential and to avoid any confusion at any further stage, we propose to inspect the land again after the boundary marks are fixed and the land to be released is definitely demarcated, since in the absence of such definite demarcation there have been frequent disputes and occupation of wrong plots.

2. We have also to submit that on 16.10.59 we visited the Forest areas of Manmane, Heggekoppa and Musvalli in Siddapur Taluk in North Canara District. Here also, we found considerable areas of sparsely wooded lands with hardly any valuable tree growth which it was decided could be made available for allotment to displaced ryots. The total area inspected was about 1000 acres of which 450 acres appear to be suitable for

garden

allotted to persons from distant places.

3. We understand that the ryots of Honnemaradu and Hebbailoo villages whose lands have been acquired by Government, have to be resettled urgently. We, therefore, urge that the Special Land Acquisition Officer, should be sanctioned sufficient experienced survey staff for the demarcation of the forest boundaries and for the phoding and handing over of these lands to the displaced ryots as early as possible. Provisions of the Bombay Land Revenue Code are not immediately available with us but we presume that necessary examination will be made by the Government department for investing the Special Land Acquisition Officer with sufficient powers to carry out both the allocation of lands as well as settlement of ryots, if any, from rival claims, to settle once for all disputes in this regard. There is a proposal for the construction of a reservoir for irrigation in S.No.90 and Heggekoppa village, until this is surveyed, we are unable to say anything in the matter except that if there are reasonable chances of impounding water to be available when the rains are scarce and if the cost is reasonable, a proposal would be greatly ~~to be~~ of interest both for the rehabilitation of the ryots and for Grow More Food Scheme. The Special Land Acquisition Officer has been requested to get the areas phoded with detailed maps and when these are available formal proposals will be

garden or wet cultivation. In S.No.20 of Malavalli, out of 165 acres 38 guntas, about 50 per cent appears to be available for allotment. In S.No.90 and 121 of Heggekoppa village, out of 565 acres 33 guntas and out of 519-23 acres respectively, about 250-00 and 100-00 acres respectively are estimated to be available for allotment in S.No.262, Musavanahalli, out of 277-00 acres about 10 per cent of the area was estimated to be available and in S.No.240, 6-28 acres of assessed waste land is also available. Here, the ryots in the neighbouring villages of Manmane, Heggekoppa and Musavalli have certain established rights including those of chopping leaves for green manure. Obvisouly, these rights will continue to subsist and adequate forest lands will have to be made available for the fulfilment of such rights. We, therefore, are of the opinion that the displaced ryots who have now to be settled on these lands should, as far as possible, be integrated with the existing villages instead of forming separate villages; that the Special Land Acquisition Officerand Rehabilitation Officer, S.V.H.E.P. Sagar should if possible, be vested with all the powers of a Settlement Officer under the Bombay Code so that he could publish the scheme for the settlement of ryots, invite objections and claims, if any, from the neighbouring ryots and then make a final settlement to prevent dispute between the old ryots and the new settlers. This seems essential wherever the new ryots are to be settled as there is considerable heart-burning amongst the old ryots when the neighbouring forest lands are

allotted

will be submitted for disafforestation by the Forest Department in the usual course. In the meantime, the proposals are submitted for ratification as laid down in the Government referred to above.

Yours faithfully,

GOVERNMENT OF MYSORE.

No. P.C. 154/59-60

Office of the
Divisional Commissioner,
Mysore Division, Mysore,
dated the 31st Octr.'59.

To

1) The Secretary to Government,
Agriculture and Forest Department,
BANGALORE.

2) The Secretary to Government,
Revenue Department,
BANGALORE.

Sir,

Subject;-Handing over of Forests under the Control of the Revenue Department to the Forest Department.

Reference:-G.O.No. AFD 464 FGL 59 dt: 5/10/1959.

- - - - - -

In accordance with the direction contained in the second portion of the first paragraph of the above, the above question has been considered by us. Minor Forests are already under the control of the Forest Department and in our opinion no order transferring them to the Control of the Forest Department appears necessary. With regard to all other Forests under the control of the Revenue Department we propose that the control and management shall be vested in the Forest Department. This could be achieved under the existing rules in the areas of Old Mysore State by asking the Deputy Commissioner to issue a notification under Rule 12 of the Rules for the management of District Forests, authorizing only officers of the Forest Department, in consultation with the District Forest Officer, to issue permits etc., under the said rule. This will achieve immediate control by the Forest Department. We also propose that for the words "Deputy Commissioner", the words, "Conservator of Forests having jurisdiction" be substituted in-to said rule. Similar action will be necessary under the Madras Forest Acts and Coorg Forest Acts for South Kanara, Kollegal and Coorg areas.

Vidhana Soudha, Bangalore.1.

Sir,

Subject: Release of lands for rehabilitation of expropriated ryots of Sharavathi Valley and the Bhadra Projects -

Ref: Government Order No. AF.464 FEL.59 dated 5th October 1959

Joint inspection of lands by the Divisional Commissioner, Mysore Division, and the Chief Conservator of Forests, Mysore State, Bangalore.

In continuation of our report No. P.C.114/59.60 dated 18th/20th October, 1959 we have to state that on the 28th and 29th of October 1959 we have inspected lands as follows:-

We have inspected S.Nos. 21, 23 and 24 of Lakkinakoppa village Minor Forest, and S.No.39 of Muralihalli State Forest accompanied by the Conservator of Forests, Shimoga Circle, the District Forest Officer Bhadravathi, and the Special Land Acquisition Officer, Narasimharajapura. We are of the opinion that the areas of these forests do not contain thick growth of valuable trees. There are a few patches in these forests suitable for wet cultivation. We are of the view that only a portion which

These notifications should be translated into Kannada and pasted in the Village Chavadies and also announced by beat of tom in the concerned villages. Copies of such notification should be exhibited in the Taluk, Sub Division and District Offices and Forest Offices.

This will in effect mean that the control and management of all forests with the Revenue Department etc., will vest in the Forest Department subject to guarantee of the subsisting rights of the ryots.

The Forest Department will thereafter decide which are the areas suitable to be reserved as Minor Forests and which as State Forest and take action to secure such reservation in accordance with the law.

If the proposal is approved, the Deputy Commissioners will be advised to take action immediately to hand over defacto control and management to the Forest Department and Government may issue necessary ammendments to the rules and regulations to make the Forest Department the legal authority also to exercise such control.

Yours faithfully,

portion which could be cultivated with the assistance

3. Instead of however we are recommending release of irrigable lands in S.No.74 and 68 of Kanapur village in Muthikoppana Forest. This was also inspected by us. The area of S.No.74 of Muthikoppa is about 290 acres of which it is said that about 200 acres may be available for wet cultivation with the assistance of tank irrigation. Similarly, S.No.68 of Kanapur village comprises about 588 acres of which about 40 acres are stated to be available for irrigation with the assistance of tanks. We have ~~perumbrated~~ perambulated the area and found that it contains many open patches and the jungle growth is usually sparse and not valuable. The Special Land Acquisition Officer, Narasimharajapura will kindly get a survey made with the assistance of the P.W.D. of the actual land available for wet cultivation and get it demarcated so that the same could be released after inspection by us, subject of course to ratification by Government in due course.

SLAO N.R. pura

4. In the afternoon, we inspected S.No.1 of Purdhal District Forest. The total area here is said to be 1786-37 acres, of this about 159-00 acres are estimated to be available for wet cultivation with the assistance of tanks. This area contains very sparse growth of trees and much of the grass grown in this area is being used for grazing of cattle and she-buffaloes. We are of the opinion that the irrigable area in this S.No. under the existing three tanks should be got demarcated and then released for cultivation. The soil is fairly good but the rainfall is poor. We do not recommend release of any area for dry cultivation.

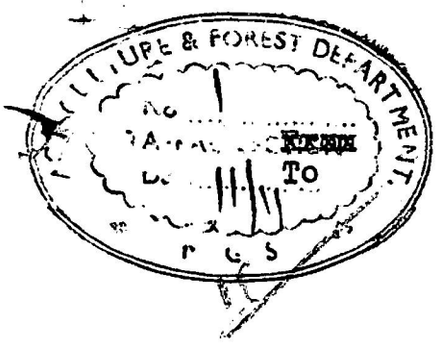
No. P.C. 151/59-60 Office of the Divisional Commissioner,
Mysore Division,

Mysore, dated 31st October, 1959.



1) The Secretary to the Government of Mysore,
Agriculture and Forest Departments,
Vidhana Soudha, Bangalore.1.

2) The Secretary to Government of Mysore,
Public Works Department,
Vidhana Soudha, Bangalore.1,

Sir,

Subject: Release of lands for rehabilitation of expropriated ryots of Sharavathi Valley and the Bhadra Projects -

Ref: Government Order No. AFD.464 FGL.59 dated 5th October, 1959.

Joint inspection of lands by the Divisional Commissioner, Mysore Division, and the Chief Conservator of Forests, Mysore State, Bangalore.

In continuation of our report No. P.C.114/59-60 dated 18th/26th October, 1959 we have to state that on the 28th and 29th of October 1959 we have inspected lands as follows:-

We have inspected S.Nos. 21, 23 and 24 of Lakkinakoppa village Minor Forest, and S.No.39 of Huralihalli State Forest accompanied by the Conservator of Forests, Shimoga Circle, the District Forest Officer, Bhadravathi, and the Special Land Acquisition Officer, Narasimharajapura. We are of the opinion that the areas of these forests do not contain thick growth of valuable trees. There are a few patches in these forests suitable for wet cultivation. We are of the view that only a portion which

portion which could be cultivated with the assistance of water in the tanks in the areas should be released. These forests are closed to Bhadravathi and water is essential for Mysore Iron and Steel Works. We are of the opinion, therefore, that apart from providing land, if any, required for Gramatana in addition to the wet lands under the tanks released for cultivation no further land should be released, the balance being retained under the control of the Forest Department. The Special Land Acquisition Officer and the Executive Engineer, Bhadra Project in charge of rehabilitation will kindly arrange to make a survey and demarcate the area quickly so that we could finally inspect the lands and release them for cultivation, subject to ratification by Government in due course.

2. On 29-10-1959, we inspected S.Nos. 17 and 18 of Hosudi Lingapura Minor Forest. The total area of the forest S.Nos. is about 324 acres. The area likely to be available for cultivation will not exceed about 90 acres. We are of the opinion that though this is called a minor forest, this is the best class of forest land available and that it would not be in public interest to release a patch in-between here for cultivation. There is a thick jungle growth and many valuable trees. We are also of the opinion that as and when bamboo clearings are made for supplying bamboos to the Mysore Paper Mills, Ltd., the areas could be used for planting valuable timber like Teak etc., as both the rainfall and soil are very suitable in this area. Therefore, in our opinion, applications for cultivation in this particular area should not be entertained.

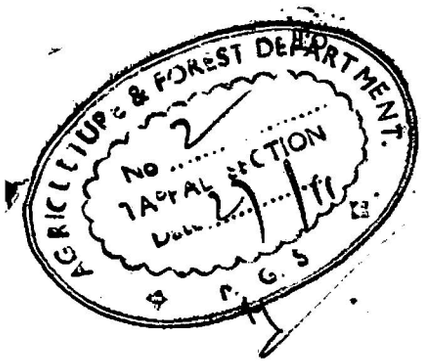
Office of the Divisional Commissioner,
Mysore Division,

Mysore, dated 11th November, 1959.



1. The Secretary to Government,
Agriculture and Forest Department,
Vidhana Soudha, Bangalore-1.

2. The Secretary to Government,
P.W.D. and Electricity Departments,
Vidhana Soudha, Bangalore-1.

3. The Secretary to Government,
Revenue Department,
Vidhana Soudha, Bangalore-1.

Sir,

Subject: Release of Forest lands in Shimoga District for allotment to displaced persons under Bhadra and Sharavati Valley H.E. Projects -

Ref: 1. Government Order No. AF.D. 464 FGL 59 dt. 5-10-1959

2. This office reports Nos. P.C.114 and P.C.151 dt. 18/10/1959 & 31/10/1959 respectively.

In accordance with the Government Order cited first we visited the following areas on 11-11-59

1. From Shimoga to Sudoor
2. From Sudoor to Kudi Forest and then on to
3. Benavalli and
4. from Benavalli to Haridravathi and back to Shimoga.

2. In Sudoor Forest, we inspected S.No.10 comprising about 16 acres, as we were told that there were applications for this land. S.No.10 is a small area in the middle of a large tract on either side of the road, reserved for plantation. Teak plantations of various ages have come up very well. There are also plantations of Eucalyptus

Eucalyptus trees. It appears that S.No.10 was originally included in the Plantation Programme but was not implemented, possibly that it might be given up because of applications from certain persons. This is comparatively a small area and in our opinion, it would be definitely against public interest to grant a small patch of land like this in the midst of an extensive tract of the State Forests consisting mostly plantation areas. We are, therefore, of the opinion that the land should not be released for cultivation. We are accordingly requesting the Conservator of Forests to go ahead with the programme of plantation in this small S.No. also. Instead, however, we are recommending a much larger area also close to Sudoor village in the neighbouring Kudi Forest. We have inspected S.Nos. 12, 13, 14, 15, 17, 18, 19, 20 21 as well as S.No.16. We are of the opinion that an area of about 61 acres and 7 guntas which is adjacent to S.Nos. 1 to 6 of the District Forest of Sudoor village, which is proposed to be released for cultivation should be released, considering the facts that this tract does not contain very thick and valuable tree growth and it was formerly under cultivation. Further, we are of the opinion that, while the Block No.2 of S.No.16 consisting of 3-00 acres may be released for cultivation and Blocks 1 and 3 comprising a total area of 8 acres and 20 guntas should be retained in the State Forest. Accordingly, we recommend the release of the following lands from Kudi State Forest:

S.No.		Extent A-Gts.
12	..	11-13
13	..	10-20
14	..	13-00
15	..	7-12
17	..	1-35
18	..	2-05
20	..	5-01
21	..	7-01
19 (Tank bed)	..	1-39
	Total	60-06

Kudi St. Jr.

3. In the Haridravathi State Forest, we have inspected lands coming under a channel from the anicut at Shantipura Halla near the village Kusugundi. A portion of the atchkat consists of hiduvali lands but a large portion of it consists of well-wooded and valuable forests, which normally should not have been released. However, in view of the fact that the anicut across the Shantipura Halla has been constructed and a channel has already been dug at a considerable cost and also because it is essential to provide some land for the expropriated ryots, we are obliged to agree to release an extent of 230-00 acres for cultivation as detailed below:

Village	S.No.	Extent A-Gts.
1. Kusugundi	10	55-30
2. Chikkajeni	17	32-25
-do-	22	18-30
3. Karokki	10	32-10
-do-	11	37-20
-do-	35	53-05
	Total	230-00

Haridravathi St. Jr.

4. On 12-11-1959 we inspected the following Survey numbers in Karadibetta State Forest:

Village	S.No.	Area A-G	Remarks
1. Alkuni	1	7-28	All these are assessed waste Survey Numbers
	3	24-19	
	4	20-28	
	5	4-06	
	6	54-19	Kharab (Approximate)
	2	8-20	Tank
	Total	120-00	

It was decided that the area to which the water can be made available should be determined before ordering release of this area.

2. Thuppur S.No.45 120-00 acres

This is a thickly wooded area and situated in the middle of the Forest and a Game Preserve teeming with wild life. Hence, it was decided not to release this area.

5. Yours faithfully,

Sd/- K. Kadambi,
Chief Conservator of
Forests in Mysore.

Sir,

Sub:- Release of forests lands in Shimoga and Chikmagalur Districts for allotment to dispolaced ryots of Bhadra and Sharavathi Projects.

Ref:- G.O. from Agriculture & Forests Department, No.RGL.59 dated 5-10-59. ____

35/c

Further to our report dated 11-12-59, we have to state that the following forests lands were inspected on 30-1-60 and released in anticipations of Government Orders.

1) S.No. 1 of Yerekoppa Shikaripura taluk:

a) Karadibetta State Forests about 71-00 acres
b) Adjoing District Forest about 14-00 "
85-00 "

2) Village Belandoor, Shikaripura Taluk, Belandoor State Forests, Survey Nos. 18,32,33, 39, 34 & 58 about 73 acres in the District Forest are available. There is possibility of additional irrigation in the State Forest. It was decided not to release lands in the state forest except sufficient land for the restoration of tank and the irrigation channel leading to the Dist. forests area close by.

S.No. 1 of Shantikere, Shimoga Taluk, Masroor State Forests contain and abondoned cultivated area, it is low lying, containining hardly any thick or valuable tree growth and it is suitable for rain fed wet cultivation. In between two structues of forests land has already been released by Govt. On either side, there are two more patches, one about 35 acres and not yet surveyed but said to be over 20 acres. It was decided that both these patches should be released for cultivation.

The following were inspected on 31-1-60.

S.No. 8 of Varkate village, Narasimharajapura taluk, Kusugal State Forests are about 250 acres. This is in a valley of marshy type of land possibly under cultivation long ago. It does not contain thick or valuable tree growth of necessiating continued reservation while deciding this to be released, it was also decided that the District Forests to the north should immediately be taken over by the Forests Department for management.

The S.No. 73 of Sariya, N.R.Pura Taluk (Kusagal State Forest) was inspected. It is two structures of marshy land along the valley There is no thick or valuable tree growth, suitable for rain fed wet cultivation. The exact area has to be surveyed & measured. About 200 acres is said to be available. We decided that this should be released.

Sd/Gulab Sing,
Conservator of Forests,
Shimoga

Sir,

Sub:- Release of Forests lands for displaced ryots of the Projects submersion area.

Ref:- G.O. from ~~Agriculture~~ Agriculture and Forests Departments, No. 969 RGL. 59 dated 5-10-59.

We have to submit that we have completed the inspection of all the Forest lands in Shimoga and Chikmagalur Districts asked for by the ryots of the submersion villages of Bhadra and Sharavathi Projects.

We have decided that in view of emergency these lands should be released for cultivation and handed over to the ryots if possible by end of April 1960.

It was decided that in view of extreem urgency to settle the ryots before the next monsoon, the Forest growth should be worked Departmentally at the sanctioned rates without calling fo tenders, wherever, the Bhadra ryots were to be settled and in ot areas action to be taken as decided in the Special meeting convened by the Minister for Public Works Department on 17-12-1959.

In any case, the lands should be handed over to the Special Officer by the end of April 1960.

Yours faithfully,

Sd/ M. Vasudeva Rao,
Divisional Commissioner,
Mysore Division.

Sir,

Subject : - Release of Forest Lands in Shimoga and Chikmagalur Districts for allotment to Displaced Ryots of Bhadra and Sharavathi Projects.

Reference:- G.O. AFD-464 RGL-59, dated 5-10-59.

- - -

Further to our report dated 11-11-1959, we have to state that the ∅ following forest lands were inspected on 30-1-1960 and released in anticipation of Government Orders :

I) Sy.No.1 of Yerekoppa (Shikaripur Taluk)
Karadibetta State Forest about 71 acres.

Adjoining District Forest " 14 acres.

Total: 85 Acres.

II) Village Belandur (Shikaripur Taluk), Belandur District Forest, Sy. Nos. 18, 32, 33, 34 and 58 about 73 acres immediately available. There is possibility of additional irrigation in the District Forest to be surveyed. It was decided that no land in the State Forest be released except sufficient land for repairs of tank and excavation of the irrigation channel leading to the District Forest area close-by.

Sy.No.1 of Shanthikere, (Shimoga Taluk) contains an abandoned cultivated area. It is low lying, contains hardly any thick or valuable tree growth and is suitable for rain-fed wet cultivation. In between two stretches a patch of forest land has already been released by Government. On either side there are two more patches of one of about 35 acres and not yet surveyed but said to be over 20 acres. It was decided that both these patches should be released for cultivation.

The following were inspected on 31-1-1960:

Sy.No.8 of Vaskate Village (N.R.Pura Taluk) Kusugal State Forest area about 250 acres. This is in a Valley of marshy type of land possibly under cultivation long ago. It does not contain thick or valuable tree growth necessitating continued reservation. While deciding this to be released, it was also decided that the District Forest to the north should immediately be taken over by the Forest Department for management.

Then Sy. No.73 of Sarya, Kusagal State Forest (N.R.Pura Taluk) was inspected. It is two stretches of marshy type of land along the valleys of two streams. There is no thick or valuable tree growth, appears suitab for rainfed wet cultivation. The exact area has to be surveyed and measur Atleast 400 acres is said to be available. We decided that this shoul be released.

Yours faithfully,

Sd/- K. Kadambi,
Chief Conservator of Forests in Mysore,
Bangalore.

Sd/-M.Vasudeva Rao,
Divisional Commissioner, Mysore.

97 99

M.S.SWAMINATHAN, I.A.S.,
Secretary to Government,
Revenue Department.

VIDHANA SOUDHA, 67
Bangalore.
Date. 31-5-1960

D.O.No.RD 83 LAD 60

Dear Shri

I am directed to state that for some time past, there have been proposals for handing over certain District Forests which are under the control of the Revenue Department to the Forest Department, for purposes of afforestation. On an examination of the issues involved, it is felt that a general order directing the handing over of all District Forests to the Forest Department may not be necessary or feasible. The areas proposed to be handed over must in the first instance be suitable for afforestation and such afforestation should not prejudicially affect the bonafide needs of agriculturists of the locality for cattle - grazing and other purposes.

In this view it is considered that the transfer of the - District Forests should be done after a careful examination, preferably by joint consultation of the Deputy Commissioner and the Conservator of Forests. I am therefore to request you kindly to prepare a list of lands comprising District Forests in your District which in the opinion of yourself and the Conservator of Forests may be handed over, with advantage, to the Forest Department for purposes of afforestation. While making out such a list, the bonafide needs of agriculturists in the vicinity must not be lost sight of.

As Government are anxious to pass final orders in the matter of transferring control of selected District Forests, you are requested to send up your proposals in consultation with the Conservator of Forests within a fortnight of the receipt of this letter. This time limit has to be adhered to strictly.

Yours sincerely,

Copy to:-
1. Divisional Commissioners.
2. Agriculture and Forest Department for issue of necessary instructions to C.C.F.
3. Chief Conservator of Forests for information.

Subject:- ORDERS - Release of lands for Displaced ryots - Joint Inspection by the Divisional Commissioner, Mysore Division and the Chief Conservator of Forests in Mysore, Bangalore, of lands in Shimoga District etc.

G.O.No.AFD ~~646~~ 464 FGL 59, Dt. 9 Sept. 1960.

Govt. Order No.AFD 464 FGL 59, dated 5-10-1959. 5/c

G.O.No.AFD 464 FGL 59, dated 25-3-1960. 17/c

Report of joint inspection from the Div. Commer., Mysore Division, and the C.C.F. made on 28th and 29th October 1959, 11-11-1959 and 30-1-1960.

R.D.'s concurrence on the subject.

O R D E R.-

Issued. 9/9

Govt. have in their order dated 25-3-60 issued orders disafforesting 766-28-0 acres from various survey numbers and villages in Shimoga and N. Kanara Districts, to rehabilitate the expropriated ryots.

2. On further consideration Govt. agrees and directs that the areas mentioned below be disafforested and surrendered to the Rev. Deptt. for being placed at the disposal of the Special Land Acquisition and Rehabilitation Officer, for rehabilitating the expropriated ryots of Sharavathi valley and Bhadra Reservoir Projects, subject to the conditions to be imposed by the Rev. Deptt. and also having regard to the existing rights enjoyed by the local people in those areas wherever they exist.

Details of the area to be released. Area.

"A" of P. 95/c. 440-19 acres

i) Such of the areas as could be irrigated by the existing tanks in S.Nos.21,23 & 24 of Lakkinakoppa village, minor forest and S.No.39 of Huralihatti State Forest near Bhadravathi. 23/c

ii) S.No.74 and 68 of Kanapur village of Muthinakoppa Forest(irrigable areas only to be released). 27/c about 240 acres

iii) Irrigable area in S.No.1 of Purdhal Distfict Forest. 21/c about 199 acres.

iv) ....

a) State Forest near Bhadravati, referred to and except area shown in para 2(i).

b) In S.Nos.17 and 18 of Hosudi Lingapur Minor Forest, Bhadravathi Taluk.

c) In S.No. 10 of Sudoor Forest, Shimoga District.

d) In S.No.45 (about 120-00 acres) of Thuppur, Shimoga District.

4. The C.C.F. in Mysore, Bangalore is requested to take action accordingly in the matter and send the draft disforestment notification in respect of the areas now ordered for release, for publication in the Mysore Gazette.

5. Orders regarding the transfer of management of such of the forest areas as are known as Revenue Forests, Inam Forests, District Forests etc., which are at present under the control of the Revenue Department from R.D. to the Forest Deptt. will issue separately.

6. The Special Land Acquisition Officers, Bhadra Project, Narasimharajapura, Sagar and the Executive Engineer, Bhadra Project, are requested to make a survey and demarcate the areas mentioned above and falling within their jurisdiction, immediately so that the land could be released conveniently for cultivation.

By order etc.

No. M. 272-1145/58-59. Conservator's office,
Shimoga, dated: 25th June 1960

73

To:

The Chief Conservator of Forests,
in Mysore, Bangalore.

Sir,

Sub:- Release of lands in Lakkinakoppa for rehabilitation of expropriated ryots-

I enclose herewith a copy of the letter No. R2.Dar. Pr. 159/59-60, dated 22-6-1960 of the Special Officer for Rehabilitation and Irrigation Development in Tunga, Bhadra and Sharavati Projects, Shimoga addressed to the Secretary to Government of Mysore, Forest & Agriculture Departments, Bangalore and also a copy of the letter No. 192 GFL-24/60-61, dated 21-6-1960 of the District Forest Officer, Bhadravati addressed to the Special Officer for Rehabilitation, Shimoga for kind perusal.

In view of the complications developed, I visited the area with the Special Officer for Rehabilitation to-day (25-6-1960) and examined the position with regard to the clearance and handing over the area, as decided after a joint inspection by the Chief Conservator of Forests, Bangalore and the Divisional Commissioner, Mysore. We discussed the matter with the District Forest Officer, Bhadravathi and Fuel Supply Division Officer, Bhadravathi on the spot.

The entire confusion had arisen due to the Forest staff ~~not~~ being doubtful ~~aware~~ of the actual area to be released as finally demarcated by the Revenue Department. The District Forest Officer, Bhadravati, and the Fuel Supply Division Officer, Bhadravati explained that, after a thorough inspection, the land to be handed over has been cleared of all utilisable trees and is ready to be alloted immediately. In this connection, I am to point out that the decision to release these areas was taken rather late and the District Forest Officer, reported in March 1960 that the Revenue Department had since marked the area as the ground for extraction of timber and firewood. It was also decided that the firewood from these areas should be exploited departmentally and utilised for supply to M.I.S.W. As full utilisation was aimed at, it was also made clear that the clearance would drag on later than 15-4-1960 in the areas

P.T.O.

74 101 104

to be released in Bhadravati Division. There is, however, a small quantity of felled and billeted firewood, which is being transported to M.I.S.W. The Special Officer, Rehabilitation had no objection to the Forest Department removing the material. The District Forest Officer, Bhadravati has been instructed to hand over this area to the Revenue Department for immediate allotment to the expropriated ryots. The Fuel Supply Division Officer has also been instructed to arrange for the transport of the residual felled material expeditiously without giving room for complaints from the allottees.

I am submitting a copy of this letter to the Secretary to Government, Forest & Agriculture Departments, Bangalore so that it may immediately relieve the anxiety with regard to the rehabilitation of the expropriated ryots.

Yours faithfully,

Sd/-

3) B 16.1.60
4) B 12/9/59.

The Hon'ble Minister for Revenue enquired on 6th August 1960 as to why the entire extent of 5000 acres earmarked for release to the Revenue Department for rehabilitating the expropriated ryots has not been released. In this connection I have to report that an extent of 2328-23 acres were ordered to be disforested as per Government orders noted in the margin.* In addition to this an extent of 2127 acres and 25 guntas was ordered to be released after joint inspection by the Divisional Commissioner and the Chief Conservator of Forests in pursuance of G.O.No. AFD 464 FGL 59 dated 5th October 1959. Out of 2127 acres and 25 guntas, 530 acres in Haridravathi State Forest were excluded by the special officer for Rehabiliation, Shimoga. Further inrespect of 300 acres in Karkuchi(Shimoga District) the Special Officer for Rehabilitation has stated that only non-wooded area may be released and the balance may be dropped. The actual area to be released is yet to be marked on the ground by the Revenue Department. Hence the actual area to be released is only 1597-25 (i.e. 2127.25 minus 530-00). The total extent to be released as per details furnished above is 2328-28 plus 1597-25 i.e. 3926-03 acres. Out of 3926-03 acres which are finally earmarked for release, 2645 acres have been handed over to the Revenue Department and the balance area is under clearance. An area of 466 acres 28 gunats has also been

Respected Sir,

We beg to state that an extent of 5000 acres of State Forest lands, was ordered to be inspected jointly by the Divisional Commissioner, Mysore Division & Chief Conservator of Forests and it was agreed by your good self and the Hon'ble Minister for Forests, that so much of extent would be released in favour of the displaced persons of Sharavathi Valley Project. We are given to understand that about 1500 acres have been released and the remaining 3500 acres have to be released yet. But Government Order releasing this extent is not yet received. This has resulted in not issuing Saguvali Chits in favour of the displaced persons.

Thus we request for immediate orders in this behalf.

TO

The Hon'ble Minister for
Public Works and Electricity Departments,
Bangalore.

Representation of the Sagar Taluk Congress Committee.

Respected Sir,

We beg to bring to your kind notice and favourable orders, the following few facts.

(1) It was decided, at a meeting of the Hon'ble Minister for Revenue & Hon'ble Minister for Forest, that an extent of 5,000 acres of State Forest should be released for the rehabilitation of displaced persons of Sharavathi Valley Project. The Government Order in this behalf is still not received. In view of the rehabilitation of huge number of families under Sharavathi Valley Hydro Electric Project, kind orders in this behalf is necessary urgently.

(2) The inspection of the area which comes under the havoc of the Varada floods, was done by your goodself- about 1½ years back. So far no action has been taken. There was a proposal to construct a bridge across Varada River to connect Kaule & Sydur villages. Thereby Sydur village having a population of more than 3000 which becomes an Island during 6 months in year, will be benefitted much. Surveys of these works have not been made, which may kindly be ordered.

(3) The piece work contractors of Sagar and Shimoga - for the supply of materials like surki and limestone should be encouraged, as they are the persons who are actually doing the work.

Rehabilitation and Irrigation
Development in Tunga, Bhadra
and Saravathi Projects
Shimoga. Dated ....

(91)

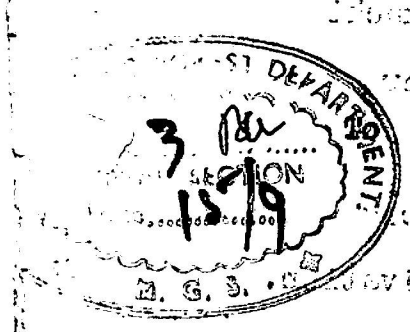
No.R2.Dar.PR.130/60-61. - 2 - 12-9-1960.

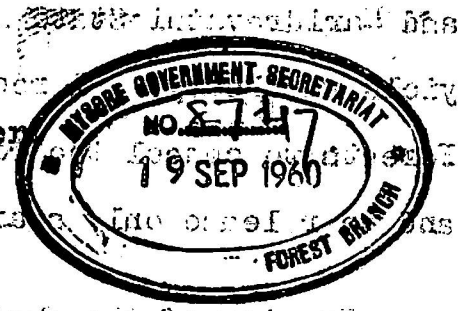
From

The Special Officer for Rehabilitation
& Irrigation Development in Tunga, Bhadra
& Sharavathi Projects, Shimoga.

To

The Divisional Commissioner,
Mysore Division,
Mysore.





Sir,

Subject: Release of forest lands in Sagar Taluk for purpose of expropriated ryots.

...

I herein enclose copy of letter received from the Conservator of Forests, Shimoga Circle, Shimoga. This has reference to this office letter No.R2.Dar.PR.66/59-60 dated 2-8-60 and also to your letter No.FCR.34-4788/60-61 dated 4-8-60 addressed to the Conservator of Forests.

As could be seen, these lands were inspected by me along with the District Forest Officer, Sagar Division in the absence of the Conservator of Forests, on his instructions, and it was mutually agreed to release all these lands to the expropriated ryots. The report of the District Forest Officer, Sagar Dn.,which is enclosed to the letter of the Conservator of Forests indicate that the District Forest Officer had also agreed for the release of the particular forest land.

Sd/-

I am sorry to point out that the Conservator of Forests has taken up the attitude of rejecting any land selected by the expropriated ryots and this, I fear will be detrimental to the interests of the expropriated ryots and is not helpful in solving the problem of rehabilitation of the expropriated persons of the Sharavathi Project.

In this connection I would also like to point out that whenever

whenever lands are selected, care has always been taken to safeguard the interests of Government and to avoid release of forest with heavy timber. To quote, I have in the case of lands released in Karkuchi and Haridravathi State Forests found that the timber yield was heavy. I requested the Conservator of Forests to cancel the release of heavily wooded areas and to release only scarcely wooded lands for cultivation.

In view of the fact that 33 villages under Sharavathi Valley Project are coming under submersion next year and nearly 300 families have to be rehabilitated, I am afraid that with this attitude of the Conservator of Forests, I cannot solve the problems of rehabilitation expeditiously.

Therefore, I request you kindly to take up this matter with Government and the Chief Conservator of Forests, decide the principles on which these lands and forest will have to be released to the expropriated ryots without delay and protracted correspondence which we cannot afford to resort in view of the urgency of rehabilitation of the expropriated ryots.

Yours faithfully,

SD/- (M.Vazeer Ahamed)

...

With reference to your above cited letter, I enclose herewith a copy of report No.521/60-61 dated 17-8-1960 received from the District Forest Officer, Sagar for information.

Under the circumstances explained by him, I am not in favour of releasing these lands.

****

ENCLOSURE:-

Copy of letter No.521/60-61 dated 17-8-60 from the District Forest Officer, Sagar Division, Sagar to the Conservator of Foreste, Shimoga.

...

Subject: Release of lands in S.No.39 of Iyginabyly and S.No 8 of Chipali village which are included in the Chippali State Forest.

Refce:- Your No.M.Gl.3237/60-61 dated 6th August, 60.

...

In this connection, I write to state that the joint inspection proposed by you in your letter No.01.102/60 dated 8-4-60 addressed to the Special Officer for Rehabilitation and Irrigation Development in Tunga and Bhadra Projects was held on 12-4-1960. As deputised, I accompanied the Special Officer and carried out the joint inspection. My observations are as under:-

IGINABYLU VILLAGE S.NO.39:-

The area inspected is a valley adjoining the Hiduvali land It contains good timber of species like Nandi, Mathi, Yethiga and Honne, estimating between 75 cft to 100 cft per acre. This is in Chipli State Forest.

CHIPLI S.NO.8:-

This contains also some timber trees yielding between 80 cft to 100 cft per acre, with some dense growth of bamboos. This falls in the Chipli State Forest.

BYDARKOPPA S.NO.8:- The land inspected has been brought under cultivation already and the rest of it contains sparse tree growth. The area falls in Chipli State Forest.

MALALI S.No.29:- 2 acres. This is right in the heart of an evergreen forest patch in the vicinity of an old temple. The area contains timber estimated to yield 1673 cft.for 2 acres. this also lies in the Malali State Forest.

From

The Special Officer for Rehabilitation
& Irrigation Development in Tunga, Bhadra
& Sharavathi Projects, Shimoga.

To

The Secretary to Government of Mysore,
Revenue Department,
'Vidhana Soudha'
Bangalore-1.

Sir,

Subject: Release of forest lands in Lakkinakoppa and Huralihalli villages, Shimoga Taluk for being allotted to the expropriated ryots of Bhadra Project.

...

With reference to your letter No.RD.308/MMD-60 dated 5-8-1960 calling for a detailed report on the above subject, I write to state that an extent of 440-19 acres of forest land in S.Nos.21,23 and 24 of Lakkinakoppa and S.No.39 of Huralihalli villages were inspected by the Divisional Commissioner, Mysore Division, and the Chief Conservator of Forests in Mysore, Bangalore on 28-10-1959 and it was agreed that these State Forest lands should be released for cultivation. A joint report was sent to Government, in Divisional Commissioner's No.PC.151/59-60 dated 31-10-1959 agreeing for the release of lands subject to certain conditions - one of these conditions so prescribed being that "since these lands are in the close proximity of the Mysore Iron & Steel Works, Bhadravathi, the fuel may be extracted departmentally and supplied to the Mysore Iron & Steel Works, Bhadravathi". Again lands in these villages were inspected by the Divisional Commissioner, Mysore Division and the Conservator of Forests, Shimoga Circle on 31st January, 1960.

The Conservator of Forests was requested on 14-4-1960 to get these areas disforested on top priority basis and handed over to

handed over to the Special Land Acquisition Officer for alloting these lands to the expropriated ryots of Narasimharajapura as eight villages come under submersion in the monsoon of 1960 under the Bhadra Reservoir Project.

According to the decision arrived at, and on the understanding that all these forest lands were being disforested, the lands were allotted to the expropriated ryots of Bhadra Reservoir Project whose lands and villages were coming under submersion by June, 1960.

As per the decision arrived at, in the meeting held on 17-12-1959 in the Chambers of the Hon'ble Minister for Public Works & Electricity, it was indicated that all the forest area to be released for rehabilitation of expropriated ryots should be inspected by the Two-Man Committee consisting of Chief - Conservator of Forests and the Divisional Commissioner, Mysore Division and the lands should be disforested by the Forest Department and handed over by 15th April, 1960 so that the expropriated ryots could settle down and bring these lands under plough.

On a reference received from the Special Land Acquisition Officer, Shimoga on 27-5-1960, I addressed the Conservator of Forests, Shimoga Circle on 1-6-1960 pointing out certain discrepencies in S.Nos and the extent handed over. The attention of the Conservator was also invited to the decision of the Two-Man Committee pointing out the exact position of the land in the several survey numbers agreed to be - released. In the meanwhile, on 14-6-1960 the Range Forest Officer, Umblebylu Range handed over the S.Nos.21, 23 and a portion of S.No.24 of Lakkinakoppa as per sketch to the Revenue Inspector as per his letter No.Nil dated 14-6-1960. He intimated that the area was got cleared and also made a mention in the letter that arrangements for the removal

of the

removal of the fuel stock on these lands were made by the local Fuel Staff and so far as Survey No.39 is concerned, the Range Forest Officer stated that he had no instructions from the District Forest Officer and that this area was also cleared and that there was no fuel in this area. On a reference made from this office, the Conservator of Forests replied on 14-6-1960 in his letter No.E.18-166/58-59 that he had called for a report from the Fuel Supply Division Officer, Bhadravathi and he would revert to the subject on receipt of the reply. AFD 223 MD 6

In the meanwhile, the expropriated ryots to whom these lands were allotted and shifted came to some understanding with a Forest Contractor for the clearance of the shrubs and stumps left out in the area and approached this office for approval of their arrangements so made. On 15-6-1960 the expropriated ryots were endorsed to the effect that there is no objection in their getting the residual malki, if any, removed through their contractors.

On 21-6-1960, the District Forest Officer, Bhadravathi reported in his letter No.192.GEL.24/60-61 that this area was being exploited departmentally for supply of fire-wood to Mysore Iron & Steel Works, Bhadravathi and that a small portion still remain to be cleared, and it might take more time beyond 30-6-1960 to clear the area completely. He also mentioned in his letter that it would not be in the interest of Government to dispose of the remaining malki by handing over to the allottees for getting cleared through their own contractors. The Dist. Forest Officer was replied pointing out the report of the Range Officer and the urgency of handing over this land to the expropriated ryots in view of the facts that these ryots are uprooted from their villages and troubled on account of submersion of the properties under the Bhadra Reservoir Proje

and

and that they have to be rehabilitated without any delay. In protecting the interest of Mysore Iron & Steel Works, the interest of the expropriated ryots who had sacrificed everything for the sake of the country should not be lost-sight of. Therefore I suggested that the question should be taken up by the Conservator of Forests and Government for arriving at a decision. I also informed the Secretary to Government of Mysore, Forest Department the action taken by me in requesting the Conservator to hand over this area by 30-6-1960. I also suggested to Government to direct the Forest Department to hand over these lands immediately.

On this reference, the Conservator of Forests wrote to me pointing out that it was not desireable to allow the residual Malki extracted through the contractors of the expropriated ryots as it would affect the interest of Government. Perhaps the Conservator was under misteken notion since the lands were still in the possession of the Forest Department and that therefore the question of the contractors of the ryots taking up this work would arise only after the lands were handed over to the expropriated ryots.

Again, the Conservator wanted me to inspect the lands with him and accordingly on 25-6-1960 Conservator of Forests, Shimoga Circle and myself visited the area; the District Forest Officer pointed out at the time of inspection that this confusion had arisen on account of the mistake in locating the exact area released. They had no clear impression as to the actual area to be released and was doubtful about the area demarked by the Revenue Department after thorough inspection of the land to be handed over by the District Forest Officer; he was satisfied that all the areas have been cleared and that all the utalisable trees and logs were felled and lotted. Accordingly the Conservator of Forests reported in his letter No.M2.7211-45/58-59 dated 26-6-1960 addressed to the Chief Conservator of Forests in My[illegible], Bangalore [illegible]

apprising of the situation and intimating that the land to be handed over has been cleared of all utilisable trees and is ready to be allotted immediately, marking a copy to the Secretary to Government, Forest Department and also to this office.

On receipt of this letter, the Secretary to Government, Forest Department was also addressed by me in letter No.R2.Dar. PR.139/59-60 dated 25-6-60 that in view of the clarification made by the Conservator of Forests, the entire correspondence may be treated as closed, and the Conservator of Forests intimated that the Forest Department would hand over the possession of these lands by 1-7-1960 so that the land will be put in possession of the expropriated ryots; and the Fuel Supply Dn., Officer be instructed to arrange for the removal of the stocks in the area as early as possible.

At this juncture, the Forest Contractors of Shimoga Dist., namely Mr. B.N.Kamath and Mr. Md.Nasarullakahn presented petitions to this office on 29-6-1960 offering a sum of Rs.8,000/- and Rs.8,200/- respectively for the residual malki in the area. The petitioners were endorsed in No.R2.Dar.PR.139/59-60 dated 30-6-60 that this office does not deal with the timber and forest growth.

On 6-7-1960 the Special Land Acquisition Officer, Shimoga directed the Special Revenue Inspector, Bhadravathi to take possession of the land released in Lokkinakoppa and Huralihalli villages from the Forest Department and marked a copy to Range Forest Officer, Umblebyle.

Again on 4-7-1960, the Forest Contractors approached the Conservator of Forests, Shimoga Circle and made an offer of Rs.9,200/- to remove the timber and firewood from the area. The Conservator of Forests forwarded these petitions to the District Forest Officer, Bhadravathi for immediate report intimating this office for issue of instructions to the

concerned

concerned officers not to allow the grantees or their agents to cut or remove any trees before the area is exploited and handed over by the District Forest Officer.

On this reference, the Conservator of Forests was addressed on 9-7-1960 in this office letter No.R2.Dar.PR.139/59-60 pointing out that as reported by him, already all utilisable timber and fuel has been cleared, excepting small quantity of belated fuel to be transported to Mysore Iron & Steel Works and this office had agreed for its clearing by the Forest Department. His attention was also invited to his letter addressed to the Chief Conservator of Forests wherein he reported that all the areas were cleared and that the District Forest Officer had been instructed to hand over the lands on 1-7-1960.

To this letter, the Conservator of Forests replied on 16-7-1960 in his D.O.letter No.M272-1145/59-60 dated 16-7-60 that he inspected the area on 14-7-60 along with the District Forest Officer and the Fuel Supply Division Officer, Bhadravati and that the timber fit for Depot has been removed by the Dist. Forest Officer excepting a few lots that were lying on the area. The firewood fit for extraction and supplied to the Mysore Iron & Steel Works was exploited and some lots were yet to be removed. There is however some residual standing growth in the area scattered here and there consisting of Hunse and Kendala which the Mysore Iron & Steel Works Contractors have refused to fell, as the wood is too hard and that some trees of the species like Beete, Honne which are small in girth and poor in quality have not been felle'd by the Timber Division, because they are not fit for the Timber Depot. The Fuel Supply Division has also left these standing poor quality trees. Besides this, there are few trees like Hunse and Kendala which are left. He pointed out that complication has arisen due to the permitting of the prospective

prospective grantees to trade on the residual malki and that some interested parties are persisting the ryots to sell the residual malki to them. To avoid all these complications, he intended to clear the fuel and even residual trees and sell them in public auction for whatever it fetches. In the meanwhile he had no objection for this department to take up the phodi work. He also informed this office that the District Forest Officer and the Fuel Supply Division Officers were putting up special efforts to clear this area by the end of August, 1960 and that it was expected that the first Block of about 151-00 acres of S.No.39 of Hurlihalli would be cleared by the end of July, 1960. The next block of 100-00 acres would be available in another fortnight and the last block would be ready by the end of August, 1960 and wanted me to discuss this matter personally on 18th or 19th of July, 1960.

To this letter, the Conservator was replied that I would be happy to meet him and discuss this matter and pointed out the difficulties faced by the expropriated ryots uprooted from their villages. He was also informed that his impression that the malki available in this area was permitted to be cleared by this department is not correct, as until the lands are handed over to this department, the question of anybody operating on this area does not arise.

Meanwhile, the Fuel Supply Division Officer, Bhadravathi reported in his letter No.Sub.4-4/60 dated 18-7-60 to the Conservator of Forests that all the available trees fit for conversion into firewood for supply to the Mysore Iron & Steel Works have been cleared and some 57 standing trees and 40 trees in S.No.39 are proposed to be disposed of on tender basis. It was stated in this letter that the area is ready for being handed over to the Revenue Department, subject to the condition that the fuel lying in the area to the extent of 100 lots and the timber trees marked by the Forest Department will continue to be

the property

122 125 109

the property of the Forest Department. The Conservator of Forests forwarded a copy of this letter for my information and informed me that the District Forest Officer, Bhadravathi would be taking actionto sell the residual malki fixing a month's time for removal by the purchasers; and that the Fuel Supply Division Officer was instructed to remove the fuel lots expeditiously.

On 1-8-1960, the Conservator of Forests met me in my office and we discussed the various problems including Lakkina-koppa and he pointed out that all the available timber fit for conversion into firewood for supply to Mysore Iron & Steel Works has been removed and the useful timber and malki was proposed to be auctioned. He wanted that Rs.10/- per acre should be recovered as value of malki from the expropriated ryots for whatever trees that remained there.

As per instructions of the Minister for Revenue, to find out the justification for the recovery of Rs.10/- per acre as value of the malki, when the timber, fuel and unuseful timber had been removed, the Conservator of Forests was addressed calling for information on this point and he in his letter No,M.272-1145/58-9 dated 27-8-60 replied "that Lakkinakoppa and Hurlihalli areas were worked departmentally, and the firewood fit for extraction for supply to the Mysore Iron & Steel Works were exploited and that some unsize and poor quality trees still remained standing." "Similarly timber fit for disposal in Depots were also extracted Departmentally". After this, a few residual trees were still left over and they stand scattered here and there. They are mostly of Hunse and Kendala. The Contractors of Mysore Iron & Steel do not extract these hard kinds. Therefore, it was agreed to levey the malki of Rs. 10/- per acre and if it is considered high, it may be got assessed by the Range Forest Officer and recovered from the grantees.

Regarding the area in Shimoga and Sagar Divisions, the entire malki was sold by calling for tenders and fixing up a time limit for the removal of the trees by the purchasers. The full value ~~xxx~~ though less than the seigniorage or market value (in view of the short time limit fixed), has been realised in open auctionsale; As regards residual malki, no mention was made in those transactions and no amount seems to have been recovered as value of residual malki.

Now I understand that in the auction sale of the residual malki including all standing trees in an extent of 400-00 acres in Lakkinakoppa, a sum of Rs.900/- only was realised; proving thereby the offer of the Forest Contractors was bogus and Malafide. It is not understood why the tenders offered for this residual malki to the tune of Rs.9,200/- was not accepted by the Forest Department. For the sake of Rs.900/-, eighty families of expro-priated ryots who had been uprooted and already shifted to this area were put to untold suffering and loss. This is a case where the interest of expropriated ryots was lost-sight of in malicious activities of the Forest Contractor and for the sake of Rs.900/- which works out to Rs.2/- or Rs.3/- per acre which does not commensurate with the sufferinge of the 80 families of the expropriated ryots; ~~on~~ when similar large areas of forest have been sold by the Forest Department for nominal amount. If the extraordinary concession extended to the Forest Contractors had been extended to the expropriated ryots they would have not only be greatful to Government but would not have been put to so much inconvenience. This area has now been handed over to the Revenue Department on 15-9-60 and arrangements are being made to put the expropriated persons in possession along with the residual malki. As the cultivation season is over and the question of bringing this area under cultivation is out of question.

This is a case where the matter has been dealt by the Forest Department as a matter of routine without due regard to the urgency.

33 villages have to be shifted in the year 1961 under Sharavathi Hydro Electric Project. Nearly 300 families have to be rehabilitated in different places. Forest lands have to be released and handed over to this Department and if the same procedure is adopted, I am afraid, it may give to rise a situation which will be difficult for Government to control. In the interest of the expropriated ryots and speedy rehabilitation, I suggest that the decision on the following may be taken up at Government level and orders of Government issued.

1) Procedure for the release of Forest Lands for Rehabilitation of the expropriated ryots by the Forest Department.

2) Disposal of timber and fuel standing on these areas expeditiously.

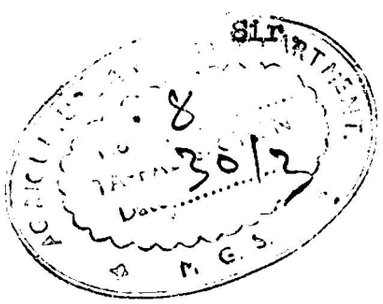
CHIEF CONSERVATOR'S OFFICE.

No.B3-509-3065/59. BANGALORE, DATED 26 MARCH 60.

To Clone

The Secretary to Government,
Agriculture & Forest Departments,
BANGALORE.



Sub:-Request of Sri K.N.Halappa Naik and others of Reedalkoppa, Hosanagar Taluk, Shimoga District for grant of lands in S.No.25,26,28 and 29 of Siddapura village.-Expropriated ryots of S.V.H.E.P.

Ref:-Your memo No.AFD 449/60 dated 11-3-60.

....

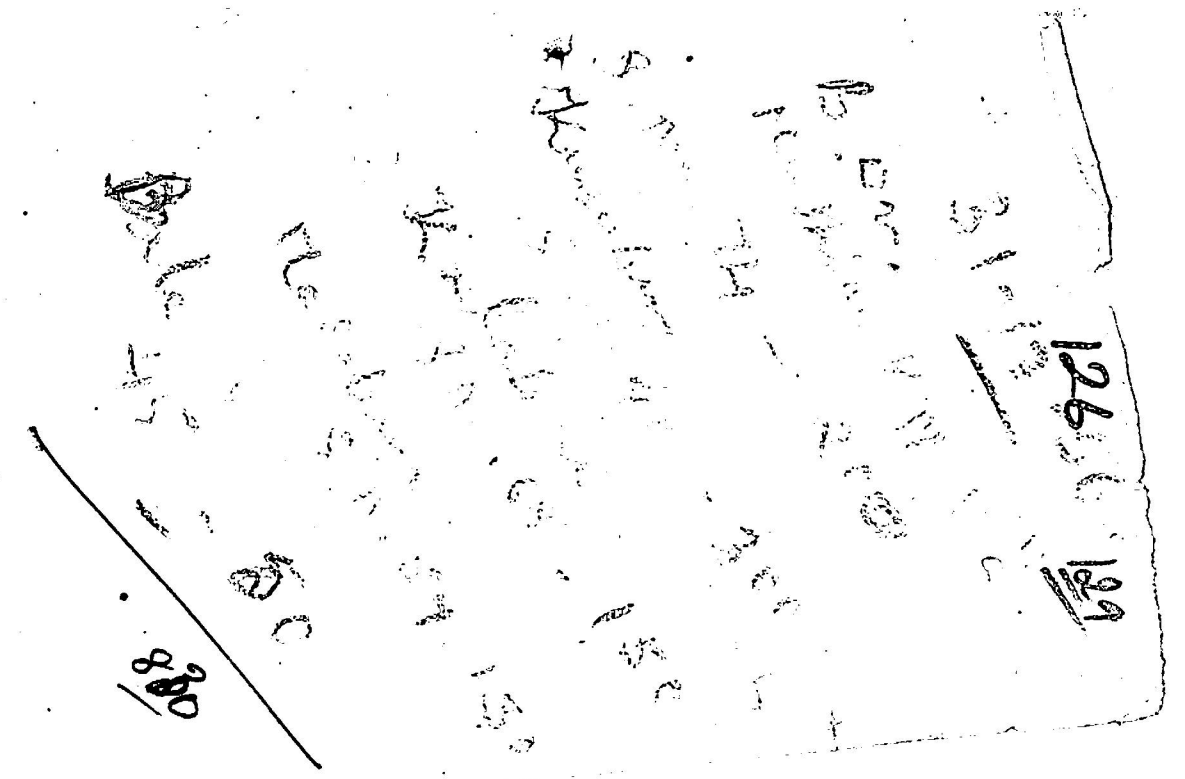
All the forest areas asked for by the ~~submersion~~ submersion areas villagers of Bhadra and Sharavathi Project in Shimoga and Chikmagalur Districts have been inspected by the Divisioanl Commissioner, Mysore Division and the Chief Conservator of Forests as ordered by Government in their No.AFD 464 FGL 59 dated 5-10-1959 and action is being taken to release the areas that have been agreed upon for release. The special Officer for Rehabilitation of displaced persons will have to take further action to allot the lands according to the procedure prescribed by Government. In view of this, the petitioners cannot take law into their hands and occupy the lands of their choice unauthorisedly as stated in the petition. They may kindly be asked to approach the Special Officer for their requirements of land.

The application is retransmitted.

Yours faithfully,

A.K.

CHIEF CONSERVATOR OF FORESTS.



in S.Nos. 25, 26, 28 and 29 of Siddapura village Shikaripur Taluk, Shimoga District remain pending.

3. The Special Land Acquisition officer for S.V.H.E.P. at Sagar, on approach informed that records have been submitted to the Govt. through proper channel for releasing the said lands from the Forest Department in favour of the Revenue Department for allotment to the petitioners who are sufferers due to S.V.H.E.P. affects of submersion depriving the petitioners of their lands as they are sufferers to be rehabilitated.

4. As petitioners having lost their lands as are without occupation and their lot is under hard-ship, they submitted petitions to all authorities concerned praying that Govt. may be pleased to order release of the said lands from Forest and for allotment of lands soon.

5. On approaching the Minister for Forests petitioners were informed that immediately papers move from the Revenue Secretariat he would pass orders. The Hon'ble Minister for Revenue on approach assured to do needful immediately. Conservator and Chief Conservator it is learnt have recommended release.

6. Petitioners have to put up sheds in Siddapura village near the said lands in Shikaripur Taluk to see that the lands applied for by them are not unauthorisedly occupied by others. They have waited so far. They will now proceed to put up sheds there and prays

that

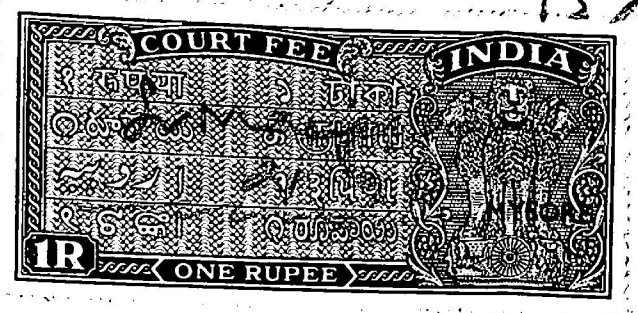
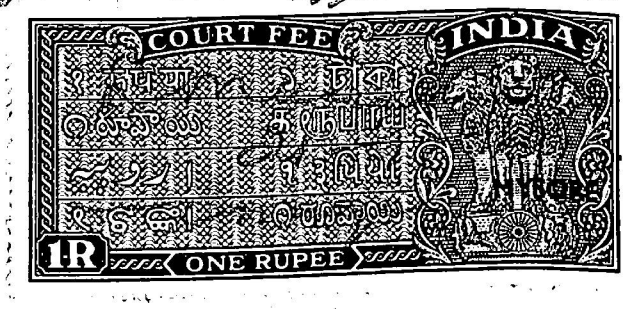
COURT FEE INDIA 1R ONE RUPEE MYSORE

COURT FEE INDIA 1R ONE RUPEE MYSORE

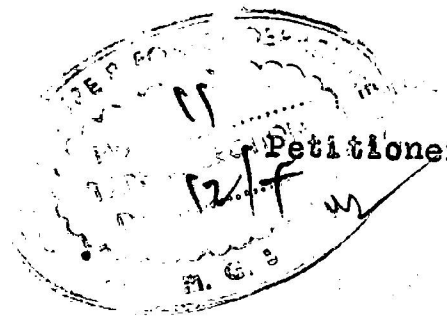




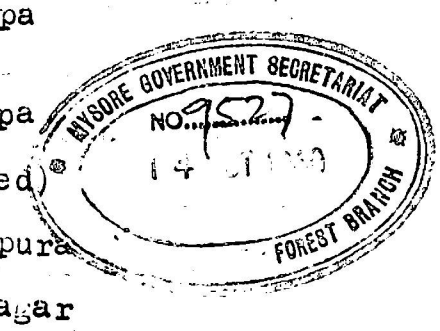
To

The Hon'ble Minister for Forests

Govt. of Mysore Bangalore



Petitioners:- 1. Pathana Manjappa
2. Thimmappa
3. Yellappa
4. Janaka Thimmappa



and others (undersigned)

residents of Gouthamapura

Anandapuram Hobli, Sagar

Taluk

MYSORE GOVERNMENT SECRETARIAT NO. 9527 14 ... FOREST BRANCH

pl. put pps. if any, if not call for the remarks of the C.C.F. & put up early

Petitioners most humbly and respectfully beg to submit as follows:-

1. Petitioners' lands in the villages of Byrapura and Gowthamapura have been declared as under submersion on account of Amligola project and they have been notified of the same.

2. To combat this contingency - and as they are sufferers whose rehabilitation is on the shoulders of the benign Govt. they individually applied to the Tahsildar Shimoga Taluk (through Darkhast applications) ~~and~~ for grant of land in S.No.45 of Thuppur village in the limits of Kardibetta State Forest and thereupon the Revenue Inspector of Kumsi Hobli, visited the spot prepared sketch and built up records ~~of~~ in favour of some of the petitioners and recommended that disposal of the land may be taken up after getting same released from the forest department.

OFFICE OF THE MINISTER FOR FOREST & ... No. A 803 27 SEP 1980

3. The said area in which petitioners have applied is fallow land without jungle and without trees and that area is known as "Chowdanahalu"

4. At the same time petitioners had also applied to the Special Land Acquisition officer Sagar, for grant of the said land to the petitioners. In Endorsement No. Rnc. 69/60-61 dated 23-8-60 the learned Special Land Acquisition officer, Sagar (local Rehabilitation officer) has intimated the petitioners that the Mysore Divisional Commissioner and the Chief Conservator of Forests have opined that there ~~ther~~ are valuable forest trees inthat area and that petitioners' applications have been rejected. The Mysore Divisional Commissioner and the Chief Conservator of Forests might have so opined on the basis of local authorities reports as they might not have actually distinguished betseen "Chowdanahalu " and the rest of the area in that forest. If any one sees today Chowdanahalu one would be convinced that it is vacant fallow ~~alda~~ land devoid of any trees or even bushes and that chowdanahalu is fit only for cultivation as it cannot serve as forest.

5. There are in that area few jungle wood low class variety of trees of Nerlu, mathi, kowlu whose malki the petitioners are ready to pay.

6. Therefore the petitioners above-named most humbly and respectfully pray your Honour kindly to visit the land 'Chowdanahalu S.No.45 of Thuppur village, Kumsi Hooli, Shimoga Taluk and to obtain/release 200 acres of land in favour of

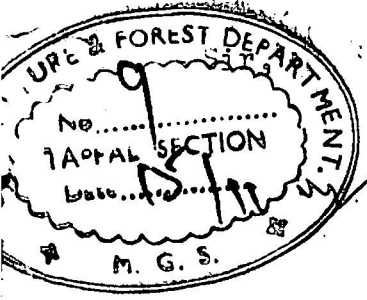
Bangalore.



Sir,

Sub:- Request of Shri Pathana Manjappa & Others of Gouthamapura, Anandapuram Hobli, Sagar Taluk for release of lands in F.S. No. 45 of Thuppur Village included in Karadibetta State Forest.

Ref:- Your memo No. AFD 9527/60 dated 21-10-1960.

.....

The survey number in question was jointly inspected by the Divisional Commissioner, Mysore and the Chief Conservator of Forests on 12-11-1959, in pursuance of Government Order No. AFD 464 FGL 59 dated 5-10-1959 and a report was submitted to Government by the Divisional Commissioner, Mysore under his letter No. A7(AIV)3960/57-58 dated 12th November 1959. It is seen from their reports that this area is thickly wooded and situated in the middle of the Forest and a Game Preserve teeming with Wild Life. For these reasons the release of the area was not recommended by them. Government in their No. AFD 464 FGL 59 dated 9-9-60 have also ordered not to release or recommend for release any area out of this S.No. In the circumstances the present application may also be rejected.

The application is returned herewith.

Bangalore.

Sir,

Sub:- Release of Forest lands in Lakkinakoppa, Shimoga Taluk for being allotted to the expropriated ryots of Bhadra Project etc.

Ref:- Your letter No. AFD 464 FGL 59 dated 11-1-1961.

.....

I enclose a note on the points raised by Government in their letter referred to above for perusal.

Yours faithfully,

18/1/61

CHIEF CONSERVATOR OF FORESTS.

GOVERNMENT SECRETARIAT No. 594 18 JAN FOREST BRANCH

13/1/61

has now proposed the release of certain fresh areas and this is being examined.

In this connection it is indicated that already large extents of forest lands have been disreserved and released in these districts - Chiefly in Shimoga and Chickmagalur and it would not be in the interests of the State to disforest any further forest area. The percentage of forest area in these two districts is 33.7% and 22.4%, While as per the National Forest Policy, it should be round about 60% in malnad regions. It would be advisable to settle the expropriated ryots in the assessed and unassessed waste lands even if this results in the movement of the families to a distance, away from their villages and stop any further disreservation for the purpose.

2. Disposal of timber and fuel standing on these areas expeditiously.

It was decided in the meeting held in the Chambers of the Minister for Public Works Department and Electricity on 17-12-1959 and 18-12-1959 that the Forest Department will expose for sale the tree growth in these areas on a lumpsum basis and irrespective of seignorage value and the actual quantity removed, the right to remove all the timber and other trees in the entire disforested area prescribing a certain time for effecting removal. The Forest Department will ~~approve of~~ have to approve of the acceptance of any tender or offer even though it does not come up to the seignorage ~~rate~~ rate. If for any reason the tendered contractor does not exploit the area or the full extent within the prescribed time, it should be deemed that the entire extent along with whatever trees are standing on it, will revert to the Forest Department and will be passed on to the Special Officer, Rehabilitation without recovering any further value.

The procedure suggested above is simple and no further liberalisation seems necessary in this behalf.

3. New measures to avoid delays.:
No suggestions to offer.

18/1/61

CHIEF CONSERVATOR OF FORESTS.

N O T E.

1. Procedure, existing as well as any other, for the release of Forest lands for Rehabilitation of the expropriated ryots by the Forest Department.

The Government after examining the question of release of Forest lands for rehabilitating the expropriated ryots of Sharavathy Valley and Bhadra Reservior Projects appointed a two man Committee in their No. AFD 464 FGL 59 dated 5-10-1959 consisting of the Chief Conservator of Forests and the Divisional Commissioner, Mysore Division to inspect the forest areas jointly in the District and State Forests in Shimoga, Chickmagalur and North Kanara Districts and to decide which of the areas could be released for rehabilitating the expropriated ryots and also directed to release such of the areas which in the opinion of the Chief Conservator of Forests and the Divisional Commissioner, Mysore could be released. Accordingly the Chief Conservator of Forests and the Divisional Commissioner, Mysore jointly inspected the Forest-areas applied for by the expropriated ryots in Shimoga, Chickmagalur and North Kanara Districts and agreed to release an extent of about 2593 acres. Out of this, the release of an extent of 530 acres was dropped on the advice of the Special Offider for Rehabilitation Shimoga. Thus the net area available for release is 2063 acres. In addition to this an extent of 2329 acres was ordered to be released by Government in their Nos. AFD 21 FGL 59 dated 18-8-1959; AFD 560 FGL 59 dated 11-1-60; AFD 439 FGL 59 dated 11-9-1959 and AF 9663-4/Ft-63-55-2 dated 31-12-1955. Out of the total extent of 4392 acres (2063 + 2329) which was finally earmarked for release, 2645 acres was reported to have been handed over to the Revenue Department. The Divisional Commissioner, Mysore had intimated during February 1960 that the inspection of all the lands desired to be released by the displaced ryots was completed. However, the Revenue Department has now

Brief Note regarding grant of land to the expropriate ryots of Sharavathi, Tunga and Bhadra Projects and proceedure for disposal of Timber etc.,

---

1) Procedure, existing as well as any other, for the release of Forest lands for Rehabilitation of the expropriated ryots by the Forest Deptt.

The Government after examining the question of release of Forest lands for rehabilitating the expropriated ryots of Sharavathy Valley and Bhadra Reservoir Projects appointed a two man Committee in their No.AFD 464 FGL 59 dated 5-10-1959 consisting of the Chief Conservator of Forests and the Divisional Commissioner, Mysore Division to inspect the forest areas jointly in the District and State Forests in Shimoga, Chickmagalur and North Kanara Districts and to decide which of the areas could be released for rehabilitating the expropriated ryots and also directed to release such of the areas which in the opinion of the Chief Conservator of Forests and the Divisional Commissioner, Mysore, could be released. Accordingly the Chief Conservator of Forests and the Divisional Commissioner, Mysore, jointly inspected the Forest areas applied for by the expropriated ryots in Shimoga, Chickmagalur an and North Kanara Districts and agreed to release an extent of about 2593 acres. Out of this, the release of an extent of 530 acres was dropped on the advice of the Special Officer for Rehabilitation, Shimoga. Thus the net area available for release is 2063 acres. In addition to this an extent of 2329 acres was ordered to be released

Secy forests
This matter is not only urgent but pending from a long time arrangements must be made to release the land early. I intend to visit this place in the 4th week for this purpose. The C.C.F also may be asked to be ready

HSN 14/3

Dear Sir,

We are very much pained to bring to your kind notice that the inordinate delay and inaction in regard to the Rehabilitation of displaced persons of the Sharavathi Valley Project has roused considerable indignation and annoyance against the Government, more particularly the nonrelease of forest lands recommended by the Deputy Commissioner for Rehabilitation, Shimoga. The expropriated Ryots are driven out of their present places of abode and fresh places are not shown to them. The people are at their wits end and it is impossible to satisfy them, as they are in very great distress.

Under the circumstances if your good self and the Minister for Forests, will not proceed immediately and tour the submersion area and give assurance and satisfaction to them on the spot, it will lead to very unpleasant consequences. Hence we are requesting you to kindly arrange to visit the area with the concerned officers and give immediate relief without any further delay. With the coming of the monsoon the villages will be submerged.

Thanking you,

Yours faithfully,

WD 04696—GPB—PZS—8 00 000—22-3-60

14/4

I agree to the [illegible] of the above areas for being granted to the expropriated ryots. In this connection, the Conservator of Forests, Chicago Circle, has reported that most of the areas already ordered to be released and those now recommended to be released from the State Forests would form pockets. In view of this he has suggested to stipulate a condition that the grantees should not claim any rights or privileges in the State Forests and that they should be held severally and collectively responsible for any illicit fellings, damage by fire or other agency to the State Forests within a zone of 1/2 a mile from the boundary of their lands. I agree with this suggestion and request Government to direct the Revenue authorities to stipulate a condition as suggested above while allotting the lands. As regards the removal of malki in these lands, the Conservator of Forests has pointed out that unless a reasonable time is given for the removal of the malki, the full value of the malki will not be realised. However he has promised to arrange for removal of malki in areas where it is not heavy by the end of December 1901. In the areas where the malki is heavy he wants time at least upto end of March 1902. In the interest of getting the full value of the malki, I feel that the time limit proposed by the Conservator of Forests is very necessary. However I am asking the Conservator of Forests to arrange for removal of the malki as early as possible.

Yours faithfully,

[illegible signature]

Sir,

Sub:- Release of forest areas for rehabilitating the expropriated ryots of Sharavathi Valley Project - Joint Inspection.

.....

The joint inspection of the areas proposed by the Revenue Department to be released in the State Forests, of Sagar and Shimoga Divisions for the expropriated ryots was carried out by the Divisional Commissioner, Mysore and the Conservator of Forests, Shimoga Circle along with the Special Officer for Rehabilitation, Shimoga, the Deputy Commissioner, Shimoga, the Special Land Acquisition Officer and the District Forest Officers of Shimoga and Sagar Divisions on 27th and 28th February 1961. It was not possible for me to attend to this inspection due to other prior engagements at Bangalore. A copy of the proceedings drawn up after the joint inspection and copies of letter No. [illegible] II [illegible]-61 dated [illegible]-1961 from the Divisional Commissioner, Mysore and letter No. [illegible]-1146/[illegible] dated 4-[illegible]-1961 from the Conservator of Forests, Shimoga Circle are enclosed for perusal. It has been decided after joint inspection for releasing the following areas:-

A

		Acres.	Guntas.
Belandur State Forest		208	10
Belandur	-do-	41	30
		15	00
Chippali and Malali	-do-	10	00
		20	00
Karadibetta State Forest.		55	14
Belandur	-do- -do-	105	00
		40	00
Karadibetta	-do- -do-	45	00
Koodur	-do- -do-	50	00
Jeni	-do- -do-	Area excluding the dry lands to be surveyed.	
Karadibetta	-do- -do-	65	20
Masaroor	-do- -do-	110	00
Koodi	-do-	40	00

P.T.O.

only were realisations very poor, but the purchasers also left un-felled much of the material in the case of several such sales held in respect of the areas previously released after the inspection by the Two-Man Committee. Further, we are already in the month of March, and by the time the preliminaries and the several formalities for the sale of [illegible] are gone through, the rains will start. Hence, the removal of [illegible] before the rains this year, should be ruled out. However, in some areas where the [illegible] is not heavy, it may be possible to arrange for its removal by the end of December, 1951. In other areas, where the [illegible] is fairly heavy, time will have to be given at least upto end of March, 1952. If this is agreed to, in the areas where there is some valuable timber, it could be [illegible] and also advantageous to get all the timber felled Departmentally by piece [illegible] contractors and have them dragged to [illegible] by the Departmental [illegible] which are [illegible] to arrive from [illegible] after [illegible]. After [illegible] all the timber trees which are to be extracted Departmentally, the residual [illegible] may be sold standing by calling for tenders on a lumpsum basis fixing the [illegible] limit for removal.

During the discussions after the joint inspection along with the Divisional Commissioner, I have explained the above difficulties and limitations with regard to the removal of [illegible]. I would also request you kindly to impress on the Divisional Commissioner the necessity for allowing reasonable time for removal of [illegible] either by the purchaser or by the Department.

In anticipation of approval to my proposals mentioned above I am instructing the District Forest Officers of Chimoga, and Sagar Divisions to select the areas among those proposed for release and start the Departmental extraction of timber immediately. I request that my action may kindly be ratified.

Sub:- Release of forest areas for rehabilitating the expropriated ryots of Charavathi Valley Projects - Joint Inspection.

.....

Adverting to the subject matter noted above, I write to state, that the joint inspection of the areas proposed to be released in the State Forest of Cagar and Chimoga Divisions for the expropriated ryots of Charavathi Valley Projects was carried out by the Divisional Commissioner, [illegible] and myself along with the Special Officer for Rehabilitation, [illegible] Commissioner, Chimoga, Special Land Acquisition Officer and the District [illegible], Forest Officers of Chimoga and Cagar on [illegible]th and [illegible]th February 61.

A copy of the joint inspection note is here with enclosed for kind [illegible]. I request orders of the Government for releasing the areas recommended by us in the joint inspection note may kindly be communicated to this office.

I have requested the Special Officer for Rehabilitation [illegible] the copies of maps of each of the areas inspected - and I will submit the same soon after its receipt.

I am instructing the District Forest Officer of Chimoga and Cagar Divisions to arrange for the marking of the boundaries of the ~~(timber and firewood) after~~ areas recommended to be released and for estimation of the malki (timber and firewood) after enumeration, in anticipation of Government Orders releasing the areas.

Action will have to be taken to dispose of the malki in above areas calling for tenders on lumpsum basis fixing a time limit for removal by the purchaser as detailed in the minutes of discussions held in the Chambers of the Minister for Public Works Departments on 17-12-1959, on receipt of orders to release these areas. In this connection, I should point out that unless a reasonable time is given for the removal of the malki, the full value of the malki will not be realised. Not only [illegible]

.....

Sub:- Release of Forest lands for displaced ryots of the projects submersion area.

Ref:- Govt. Order No. AFT 464 FCL 59 dated the 6th October 1960.

.....

I enclose herewith a copy of the minute of the joint inspection of Forest lands in Shimoga District conducted by me in company with the Conservator of Forests, Shimoga Circle, Deputy Commissioner, Shimoga, Special Officer for Rehabilitation and Irrigation Development, Kurgo, Bhadra and Sharavathi Valley Projects, Shimoga, on the 26th and 27th February 1961. Your letter expressing inability to be present for the joint inspection was received just on the day of starting on the tour. But, as the programme of joint inspection had been widely circulated to enable the representatives of the expropriated ryots also be present it was too late to intimate all concerned about the cancellation. I, therefore, went up to my programme taking your Conservator and the District Forest Officer with me. The inspections were conducted in detail and each case was discussed in all aspects. The proceedings now drawn up at the end of the joint inspection are enclosed. I hope they will be acceptable to you also. Please send up the proceedings to Government for sanction with your concurrence. A few more spots could not be inspected for want of time. There are also some cases which require further inspection and examination. We may take them up next month. For the present, the proceedings enclosed may be concurred with and sent up to Government for sanction.

Sub:- Release of Forest lands for the rehabilitation of the expropriated ryots of Sharavathy Valley etc.

...

In the meeting held under the Chairmanship of the Minister for Forests on 29-3-1961 at Sagar, which was attended to by the Divisional Commissioner, Mysore, the Chief Conservator of Forests, the Special Officer for Rehabilitation and others, it was decided to release certain forest areas for rehabilitating the expropriated ryots of Sharavathy Valley Project. A copy of the proceedings is enclosed for perusal.

Sric

The areas referred to at Sl.Nos.1 to 21 of the proceedings have already been recommended to be disforested under this office letter of even number dated 24-3-1961. The remaining areas noted below may be ordered to be disforested as already decided in the meeting.

*Sl.Nos.22, 23 and 24 have not been inspected by the Divisional Commissioner and Conservator of Forests, but they have agreed for its release.

The colonies in Purdhal area were also inspected. The adjoining lands of the already released area in Purdhal village was also inspected. It is expected that an extent ~~xxxx~~ of about 1,200-00 acres will be coming under irrigation if a dam across Barehalla is constructed, and this area is included in the Minor Forest. It was found during inspection that the forest growth in this area is very thin and valuable timber is not much. These lands were also demanded by the expropriated ryots for cultivation. About an extent of 180-00 acres in this area in S.No.127 of Anapinakatte village may be released.

Besides the above forest land, proposals from the local officers for the release of about 1,712-25 acres of State Forests lands as detailed below have been made.

Sl. No.	Name of the State Forest. 2	Name of the Village. 3	S.Nos. 4	Extent. 5

2 Dpl 201

Proceedings of the Meeting of the Officers held under the Chairmanship of the Minister for Forests, on 29th March 1961 at the "Pravasimandir", Sagar.

....

Present:

1) The Minister for Forests,
Government of Mysore, Bangalore.

2) The Divisional Commissioner,
Mysore Division, Mysore.

3) The Chief Conservator of Forests
in Mysore, Bangalore.

4) The Special Officer for Rehabilitation and
Deputy Commissioner, Shimoga.

5) The Conservator of Forests,
Shimoga Circle, Shimoga.

6) The Special Land Acquisition Officer,
S.V.H.E.P., Sagar.

7) The District Forest Officer,
Sagar Division, Sagar.

...

At the outset, the Minister for Forests referred to the object of calling for this informal meeting and emphasised the imperative need of implementing the rehabilitation measures, the imperative need to take final decisions with regard to the release of the forest lands to the displaced persons under the Sharavathi Valley Hydro Electric Project. The lands that were released from the State Forest was examined.

Before the formation of the "Two Man Committee" an extent of about 1,296-00 acres have been released for the benefit of the expropriated ryots of Sharavathi Valley Hydro Electric Project and after the formation of the Committee, an extent of about 1,000-00 acres have been released. Recently, the Divisional Commissioner, Mysore Division and the Conservator of Forests, Shimoga Circle, Shimoga, on jointly inspecting some of the forest areas, have proposed for the release of a further extent of 1,063-34 acres of land as detailed below:-

Sl. No.	Name of the State Forest.	Name of the village.	S.No.	Extent.
1	2	3	4	5
1.	Belandoor.	Baroor.	117	21-10
2.	-do-	-do-	120	12-00
3.	-do-	Guttanahalli.	19	30-00
4.	-do-	-do-	20	25-00
5.	-do-	Korlikoppa.	24	80-00
6.	-do-	Induvalli.	2	37-00
7.	-do-	-do-	21	3-00
8.	Malandoor.	Byadarakoppa.	8	41-30
9.	-do-	Chikkabilagunji.	21	15-00
10.	Chippali and Malali	Chippali.	8	10-00
11.	Malali	Iyginabylu.	39	20-00

Contd...2.

in Malavalli, Heggekoppa and Musavanhalli villages in Siddapura Taluk be cancelled as it is found that the areas is not suitable for cultivation; and proposals for the release of alternative areas in other forest land be made.

The forest lands released in S.No.14 of Holekoppa village and in Karjikoppa State Forest may be handed over to the Special Land Acquisition Officer, S.V.H.E.P. Sagar as the clearance is over as the expropriated ryots have already settled down a year ago and the grant of lands to them cannot be delayed any longer. The Conservator of Forests informed that as advised by the Health Department, the work had to be stopped in this area. It was, however, decided to resume the clearance of this area and hand over the same as early as possible. It was also decided to shelve the question of clearance of one mile belt of forest around this released area.

The grant of M.R.P. passes was discussed and it was decided that as these privileges are misused, that the timber may be supplied from the Depots to be started in suitable places.

It was also decided that the question of handing over the District Forest lands to the Forest Department may be taken up with the Government.

The Revenue lands to an extent of about 20,000-00 acres that are situated outside the contour in the 31 fully submergiable villages may be handed over to the Forest Department for afforestation purposes and Government order may be obtained.

.....

M.P.

200

243 206

1	2	3	4	5
9.	Kudi	Kudi	31 & 34	
10.	Kudi	Adinakottige.	17	47-00
11.	Settihalli.	Settihalli		
		Chitrasettihalli		1,200--00
		Agasarahalli.		
			Total:	1,712-25

It is agreed, after discussion, to release immediately the areas that have been recommended by the Divisional Commissioner, and issue orders immediately in this behalf.

As regards the remaining forest lands proposed for release, it has however been agreed that all small extents of 512-25 acres may also be released and disforested; making a total extent of 1,578-15 acres. The extent of 1,200-00 acres in Settihalli, the Conservator of Forests and the Special Officer for Rehabilitation may inspect and submit their recommendation.

It is found that the Divisional Commissioner, Mysore Division and the Chief Conservator of Forests in Mysore, Bangalore (Members of the Two Man Committee) find it difficult with their multifarious duties, to take up joint inspection. It was, therefore, decided that hereafter, the Deputy Commissioner, the Conservator of Forests, Shimoga Circle, and the Special Officer for Rehabilitation may inspect jointly the proposed forest areas and send their recommendation to the Government through the Divisional Commissioner and the Chief Conservator of Forests. And if there be any difference of opinion with regard to the release of any particular area, it will be referred to the Divisional Commissioner and the Chief Conservator of Forests, and their considered opinion be forwarded to Government.

It was pointed out by the Special Officer for Rehabilitation that there has been some delay in handing over the released forest areas to the rehabilitation department by the Forest Department. As the procedure of calling for tenders to remove malki involves some unavoidable delay and also the area is not cleared in time by the contractors, it was decided that the Forest lands should be immediately handed over to the rehabilitation department pending issue of Government Order after defining the boundary, and the timber will be removed as expeditiously as possible by the Forest Department. The other forest growth will be cut and felled by the grantees or their representatives and stacked in standard lots for supply to the Mysore Iron and Steel Works, Bhadravathi on payment by the Forest Department at the scheduled rates following the usual procedure for supply of the Mysore Iron and Steel Works.

Further it was pointed out that the forest land released in Government Order No.AFD 464 GFL 58 dated 11th January 1961, the extent of which is 466-25 acres

Contd...4.

With regard to the Sl. No. 1 i.e., Kumsi S.No. 201, 75-00 and Suvvanahalli S.No. 61, 60-00 are stated to be in between two series of Teak plantation, the Conservator of Forests is not in favour of the release. It is agreed that alternative areas may be suggested for release regarding Sl. Nos. 2 and 3 (Vaderkoppa, S.No. 1, 110-00 acres and Soodur, S.No. 16, 40-00 acres in two blocks) it is agreed to recommend for release.

The following areas were jointly inspected by the District Forest Officer, Shimoga and the Special Land Acquisition Officer, Sagar:-

1. Adinakottige	S.No. 17	Extent	60-00 acres
2. Doddamuthli	S.No. 42		20-00
			80-00

As the District Forest Officer has not agreed for the release of these areas, it is deferred for future examination.

The following forest areas in Sagar and Shimoga Divisions could not be inspected for want of time, and it is agreed that these areas could be taken up for inspection during the next month:-

1. Avinahalli	Avinahalli	31, 46, 135	68-35
2. Naduvalli	Nadavalli	49	118-00
3. Korage	Alavalli	13, 115, 117, 118, 119	74-16
4. Koodur	Hosakesare	63, 64, 68	31-23
5. Sharmanavathi	Muthur	24, 29, 33	29-14
6. Kumudvathi	Talale	61	15-20
7. Hanagere	Bellur	20 to 24	51-27
8. -do-	Doblu	12 to 17 and 19 to 22	76-20
9. Kagadibetta	Chordi	118	50-00
10. Kudi	Kudi	31, 34	47-00
	Adinakottige	17	
11. Settihalli	Settihallige		
	Gaitrasettihalli		1200-00
	Agasarahalli		

In the areas agreed to be released for rehabilitating the expropriated ryots, it is recommended that extents required for sites in the vicinity to the area released from these forest areas.

It is agreed that Hireharka and Kalmane District Forests may be handed over to the Forest Department for management subject to the continuance of the existing rights and privilages of the villages.

It is also agreed that an extent of 20000-00 acres that remain unsubmerged in the 31 submersion villages be handed over to the Forest Department as per statement furnished by the Special Officer.

FOREST BRANCH

4 1. Release of 100-00 acres of land in S.No.201 of Kumsi and S.No.61 of Singanahalli in Sudur State Forest.

This area has been inspected by the "Two Man Committee" and also the Minister for Forests. The Minister has issued instructions for its release. Government may be requested to issue orders immediately.

× 2. Release of 50-00 acres of land in Settikere, Masarur State Forest.

Reserved for inspections.

3. Release of 300-00 acres of land in Settihally, Chitrasettyhalli and agasanahalli in Shankara State Forest.

These areas have been inspected by the Special Officer and it is stated that an extent of 1,200-00 acres as indicated by Sri Bhoopalam Chandrashekariah will not be available, and that there are small vallies (two or three) which may be at best about 300-00 acres of cultivabl land may be available. There are no applications for this area for the present.

.....2

The Committee decided that 30-00 acres of land may be released out of the area reserved for 'Forest Nursery' and the released area lying above the channel level which is not going to be irrigated may be handed over to the Forest Department.

The Committee proposed to inspect the areas coming in Sagar and Ambligola side on the 20th and other areas in Shimoga and Bhadravathi on the 23rd.

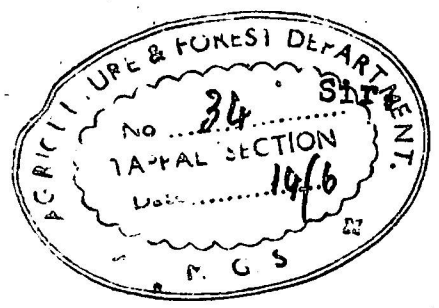
CHIEF CONSERVATOR'S OFFICE

No. B3- 339-1845/59 BANGALORE: DATED 13 JUNE 1961

To

The Secretary to Government,
Agriculture and Forest Department,
Bangalore.



Sir,

Sub: Handing over the possession of the released forest lands for being allotted to the expropriated ryots,

---

An extent of 300 acres of land in F.S.No.1 in Karkuchi forest of Hanagere village and S.No.1 of Maleshankar village of Shimoga District was ordered to be disforested by Government in their No. AFD 464 FGL 59 dated 25-3-1960 for being allotted to the expropriated ryots. The special officer for Rehabiliation and Irrigation Development in Tunga Bhadra and Sharavathi projects, Shimoga is reported to have opinioned that these areas contain thick and valuable forest growth. In view of this, he has suggested the release of 300 acres of land from S.No. 1 of Hanagere village included in Hanagere State Forest in lieu of 300 acres already ordered to be disforested in S.No. 1 of Karkuchi State Forest and S.No. 1 of Maleshankara village . The Conservator of Forests, Shimoga circle, reports that the area proposed by the Special officer is low lying and fit for cultivation and that it does not contain thick forest growth. In view of this he has no objection to release the area. I agree with the Conservator of Forests and request you to communicate orders of Government early. The Conservator of Forests has instructed the Divisional Forest Officer, Shimoga, to clear the area now proposed in anticipation of Government sanction and to hand over the same to the Revenue Department. Action taken by him may kindly be ratified.

Yours faithfully,

CHIEF CONSERVATOR OF FORESTS.

214 262 220

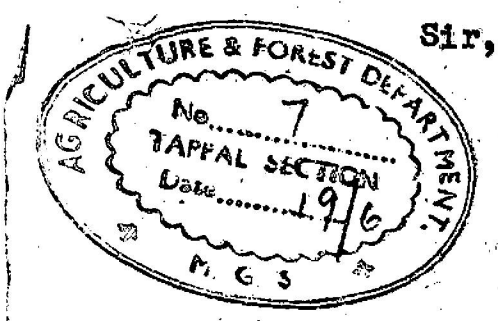
CHIEF CONSERVATOR'S OFFICE

No. B3-339-1845/59
Encls Two.

BANGALORE: DATED 17th JUNE 1961

To

The Secretary to Government,
Agriculture and Forest Department,
Bangalore.

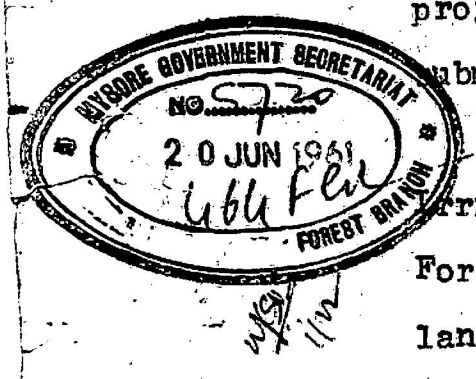


Sir,

Sub: Release of 100 acres of Forest land in S.No. 201 of Kumsi and S.No.61 of Singanahalli in Soodur State Forest for rehabilitating the expropriated ryots.

--

A copy of letter No. 272-1145/58-59, dated 24-4-1961 received from the Conservator of Forests, Shimoga Circle, together with a copy of letter No. R2-DAR-PR-173/60-61 dated 4-4-1961 from the Special Officer for Rehabilitation and Irrigation Development in Tunga, Bhadra and Shafavathi projects, Shimoga, on the above mentioned subject is submitted for perusal.



The Special Officer for Rehabilitation and Irrigation Development has stated that the Minister for Forests has agreed to the release of about 100 acres of land in the above mentioned areas for allotment to the expropriated persons keeping a margin between the two plantations to demarcate the plantations from the areas released. This Department is not aware of the instructions if any, issued by the Minister for Forests.

In this connection it has to be stated that the areas in question were jointly inspected by the Conservator of Forests, Shimoga Circle and the Divisional Commissioner Mysore, during February 1961 and their release was not agreed to as the said areas situated in between two series of teak plantations. The said areas were subsequently inspected by the Minister for Forests on 29th March 1961 when I was also present. During the inspection of these areas by the Minister, it was explained to the Minister how it is not at all desirable to allow

cultivation in between large stretches of valuable Teak plantations even after leaving a margin between the plantations and the areas proposed for release as such cultivation would definitely endanger the teak plantations by way of illicit fellings, fire and other damages. At that time no instructions were issued by the Minister for Forests for releasing the areas. Even now I am of the opinion that it is not advisable to release the areas in question.

Orders of Government in the matter may be communicated.

Yours faithfully,

CHIEF CONSERVATOR OF FORESTS.

17/6

215. 264 288

Copy of letter No. M.272-1145/58-59 dated 24-4-1961 from the Conservator of Forests, Shimoga Circle, Shimoga to the Chief Conservator of Forests in Mysore, Bangalore.

Sub: Release of 100-00 acres of land in S.No.201 of Kumsi and S.No. 61 of Singanahalli in Soodur State Forest.

I enclose herewith a copy of letter No. B2.Dar.PR. 173/60-61 dated 4-4-1961, received from the special officer for Rahabilitation and Irrigation Development in T.B.S.projects, Shimoga, on the above subject, for your kind perusal. The release of this area of 135 acres(75 acres in S.No. 201 of Kumsi and 60 acres in S.No. 61 of Singanahalli) was objected to by me and the District Forest Officer, Shimoga on the grounds that there are large areas of Teak plantations in Soodur State Forest on both sides of the area proposed to be released. Your kind attention is invited to the Joint inspection report dated 27/28-2-1961 submitted along with my letter of even No. dated 4-3-61.

This area was inspected by the Hon'ble Minister for Forests on 29th March 1961. I request you kindly to obtain immediate orders of the Government regarding the release of 100-00 acres as against 135-00 acres originally proposed in Sudur State Forest in S.No. 201 of Kumsi and 61 of Singanahalli.

Copy of letter No. R2.Dar PR.173/60-61 dated 4-4-61 from the Special officer for Rehabilitation and Irrigation Development in Tunga, Bhadra and Sharavathi projects shimoga to the Conservator of Forests, Shimoga.

Sub: Release of 100-00 acres of land in S.No. 201 of Kumsi and S.No. 61 of Singanahalli in Soodur State Forest.

With reference to the above subject, I write to state that the Minister for Forests informed ~~that~~ me at Shimoga before he left for Bangalore, that this question was discussed with you and the Chief Conservator of Forests in Mysore, Bangalore and he has ordered that out of 135-00 acres asked for in S.No. 201 Kumsi and S.No. 61 of Singanahalli, about 100-00 acres may be released for the expropriated ryots in these two survey numbers keeping a margin between the two plantations to demarcate the plantation from the areas released.

Kindly take up this matter with the Chief Conservator of Forests in Mysore, Bangalore and arrange to hand over these areas also immediately.

" C O P Y "

267

To

The Secretary to Government of Mysore,
Agriculture & Forest Department,
'Vidhana Soudha',
Bangalore.

Sir,

Sub:- Release of 100 acres of land in S.No.201 of Kumsi and S.No.61 of Singanahalli in Sudur State Forest for rehabilitating the expropriated ryots of SVHEP.

Ref:- 1. This office No.R2.DAR.PR.173/60-61 dated 4-4-61 to the Conservator of Forests, Shimoga Circle and copy to the Secretary to Government, Agriculture & Forest Department, Bangalore.

2. Letter No.CDP.1. C 893 IRR/61 dated 5th May 61 from the Divisional Commissioner, Mysore Division, to the Conservator of Forests, Shimoga Circle, Shimoga.

3. Letter No.MM.272-1145 of 58-9 dated 24-4-61 from the Conservator of Forests, Shimoga Circle, Shimoga, to the Chief Conservator of Forests in Mysore, Bangalore.

4. Letter No.B3.339-1845 of 59 dated 17-6-61 from the Chief Conservator of Forests in Mysore, Bangalore, to the Secretary to Government, Agriculture & Forest Department, Bangalore.

5. Letter No.M.272-1145 of 58-9 dated 23-5-61 from the Conservator of Forests, Shimoga Circle to the Chief Conservator of Forests in Mysore, Bangalore.

...

It is borne out from the letter cited (1) above that the Hon.'ble Minister for Forests who inspected the above land and expressly directed the Conservator of Forests to release 100 acres there-of for the expropriated ryots of Sharavati Project. In letter cited (2) the Divisional Commissioner, Mysore has also agreed for its release, who was one of the Members of the Two Man Committee and has also agreed for its request to release. Even in the letter from the Conservator of Forests to the Chief Conservator of Forests cited (3) above, the fact of the Forest Minister's inspection is confirmed and the Conservator of Forests has requested the Chief Conservator of Forests to obtain the Government orders for release of 100

p.t.o

100 acres. In letter cited (5) above the Conservator of Forests has further asked for permission to hand over the area to the Revenue Department in anticipation of Government order. The Chief Conservator of Forests in his letter to Government cited (4) has reiterated his objection to release. After the Forest Minister's inspection it is all along been taken for granted that this extent will be released and records are being built up for their disposal. A sketch of the proposed 100 acres has also been prepared and sent to the Conservator of Forests, Shimoga Circle. Some expropriated ryots are already on the land even prior to the Forest Minister's inspection. In these circumstances, I am of the view that any Government order reversing the earlier assurance by the Hon.'ble Minister will lead to complications and I request that the Government may be pleased to release this area for grant to these expropriated ryots. Copy of all the above references are enclosed for ready reference of Government. The file is now before Govt with reference 4 above.

Yours faithfully,

4. No.R2-DAR-PQ-1/61-62 dt.21-7-61 proceedings of the meeting of the "Three Man Committee" held on 4-7-61.

ORDER.

In order to Rehabilitate the expropriated ryots of Sharavathi Valley and Bhadra Reservoir Projects, the Divl.Commr. and the CCF were directed interalia in G.O.No.AFD 464 FGL 59, dt.5-10-1959 to inspect the forest areas jointly in the District and State Forests of Shimoga, Chickmagalur and N.Kanara Districts and to make recommendations for release of forest areas etc.,

Issued 15 FEB 1962

Accordingly the CF, Shimoga Circle and the Div.Commr. Mysore along with the Spl.Land Acqn. Officer, Shimoga, D.C.Shimoga, Spl.Officer for Rehabilitation and the DFO.,Shimoga conducted the joint inspection of the areas proposed by the R.D. to be released in the State Forests of Sagar and Shimoga Division. As a result of the joint inspection, certain areas have been recommended for being released in the districts of Sagar and Shimoga. These recommendations have been examined by Govt.

After careful consideration, Govt.direct that the areas specified below be disforested and surrendered to R.D.for being placed at the disposal of the Spl.Land Acqn.Officer, Sharavathi

~~226~~ 225 272 233

Copy of letter No.B3-339-1845/59 dated 17-6-1961 from the Chief Conservator of Forests in Mysore, Bangalore, to the Secretary to Government, Agriculture & Forest Department, Bangalore.

Sub:- Release of 100 acres of Forest land in S.No.201 of Kumsi and S.No.61 of Singanahalli in Soodur State Forest for rehabilitating the expropriated ryots.

A copy of letter No.M.272-1145/58-59 dated 24-4-1961 received from the Conservator of Forests, Shimoga Circle, together with a copy of letter No.R2.DAR.PR.173/60-61 dated 4-4-1961 from the Special Officer for Rehabilitation and Irrigation Development in Tunga, Bhadra & Sharavathy projects, Shimoga, on the above mentioned subject is submitted for perusal.

The Special Officer for Rehabilitation and Irrigation Development has ~~x~~ stated that the Minister for Forests has agreed to the release of about 100 acres of land in the above mentioned areas for allotment to the expropriated ~~xx~~ persons keeping a margin between the two plantations to demarcate the plantations from the areas released. This Department is not aware of the instructions if any, issued by the Minister for Forests.

In this connection it has to be stated that the areas in question were jointly inspected by the Conservator of Forests, Shimoga Circle and the Divisional Commissioner, Mysore, during February 1961 and their release was not agreed to as the said areas situated in between two series ~~xxxxxx~~ ~~xx xxxxxx~~ of teak plantations. The said areas were subsequently inspected by the Minister for Forests on 29th March 61 when I was also present. During the inspection of these areas by the Minister, it was explained to the Minister how it is not at all desirable to allow cultivation in between large stretches of valuable Teak plantations even after leaving a margin between the plantations and the areas proposed for release as such cultivation would definitely endanger the teak plantations by way of illicit fellings, fire and other damages. At that time no instructions were issued by the

the Minister for Forests for releasing the areas. Even now I am of the opinion that it is not advisable to release the areas in question.

Orders of Government in the matter may be communitcated.

CHIEF CONSERVATOR'S OFFICE,

No. B3-339-1845/59 Bangalore: Dated 13 November 1961.
Ews 5 Sheets.

To

The Secretary to Government,
Agriculture and Forest Department,
Bangalore.

Sub: Release of forest lands for the rehabilitation of the expropriated ryots of Sharavathy valley ~~Division~~ etc.

A Two man Committee consisting of the Chief Conservator of Forests and the Divisional Commissioner Mysore was constituted as per Government order No. AFD 464 PGL 59 dated 5-10-1959 to inspect and release the forest areas asked for by the expropriated ryots under Sharavathi valley and Bhadra Reservoir projects. But in the meeting held under the Chairmanship of the Minister for forests on 29-8-1961 at Sagar it was decided that hereafter the Deputy Commissioner Shimoga, the Conservator of Forests Shimoga Circle and the Special Officer for Rehabilitation may inspect the proposed forest areas and send their recommendations to Government through the Divisional Commissioner, Mysore and the Chief Conservator of Forests. The three man committee consisting of the Deputy Commissioner Shimoga, the Conservator of Forests Shimoga circle and the Special officer for Rehabilitation jointly inspected the forest areas, asked for by the the expropriated ryots on 29-9-1961, 25-10-1961 and 26-10-1961 and have recommended the release of an area of 449-00 acres as detailed below:-

S.No. 157 of Malandur Village.	36-00
S.No. 59, 1, 81, and 84 of Byranura village, Karadibetta S.F.	97-00
S.No. 45 of Thunnur village, Kardibetta S.F.	45-00
S.No. 1 of yerekonna -do-	90-00
S.No. 15 and 22 of Hireharka -do-	55-00
S.No. 21 of Chickbelaganji Teleginamane S.F.	25-00
S.No. 2 of Byadarakonna Malandur S.F	20-00

PTO

S.No. 28, 29,30,75 and 76 of Brahmanabedur	Avinehalli S.F.	36-00
S.No. 26 of Iduvani	Induvani S.F.	45-00
	Total.	449-00

In this connection copies of reports received from the Conservator ofForests, Shimoga along with their accompaniments are enclosed for perusal. I agree with the disforestment of these areas and to surrender the same to the Revenue Department for being allotted to the expropriated ryots. The Conservator of Forests has issued necessary instructions to the Divisional Forest off-icer, Sagar and the Fuel Supply Division Officer, Bhadravathi for the disposal of tree growth in these areas.

Orders of Government may be communicated early for taking further action.

Yours faithfully,

V. S. Kankhin

Chief Conservator of Forests. 13/12

To

The Chief Conservator of Forests
in Mysore, Bangalore.

Sir,

Sub:- Joint Inspection of the Forest lands by the Three Man Committee on 29-9-1961.

Adverting to the subject matter noted above, I write to state, that the Joint Inspection of the following forest areas proposed to be released in the State Forest of Sagar Division for the expropriated ryots of SVHEP was carried out by the Three Man Committee on 29-9-1961 and it was decided to release the same.

S.No. 157 of Malandur Village.		36.00 acres.
S.No. 59, 1, 81 and 84 of Byrapura Village.		97.00 acres.
	Total:	133.00 acres.

2. I enclose herewith a copy of the proceedings of Joint Inspection of the Three Man Committee (dated 29-9-1961) and copies of sketches of the areas inspected, for kind perusal.

3. I request, that orders releasing these may kindly be obtained and communicated to this office early.

4. Regarding removal of malki from these areas, I write to state, that I have instructed the District Forest Officer, Sagar to take up the extraction of the saleable timber in all these areas, and also to the Fuel Supply Division Officer, to arrange for clearance in the areas suitable for supplies to Mysore Iron & Steel Works. The residual malki (firewood) in other areas will be got cleared, by disposing it off as per rules by the District Forest Officer, Sagar. In this connection I invite your kind reference to this office letter No. MIE-1550-FOP/61 dated 25-10-1961.

Yours faithfully,

Special Officer for Rehabilitation
and Irrigation Development in
Tunga, Bhadra & Sharavathi Projects,
Shimoga.

---

1. Release of 36 acres of land in S.No. 157 of Malandur State Forest.

We have inspected this land. The plot asked for release consists of two bits viz., about 25 acres of District Forest by the road-side coming under the command of a small tank. This can be cultivated as wet. The other bit of nearly 10 acres to the Western side of the tank is partly District Forest and partly State Forest. It was a flat unwooded plot which can be cultivated as rainfed wet or as garden land. The Committee is agreeable to the release of the area falling within the limits of the District Forest and the area devoid of the growth in the State Forest.

2. Release of 97 acres in S.Nos. 1, 81 and 84 of Byrapura in Karadibetta State Forest.

Block I - 22 acres in S.No. 59-This area adjoins the area already released and could be released for re-habilitation.

Block II and III in S.No. 1 and 81 (54 acres).- This area between the near deviation road and the reservoir boundary was first supposed to come under submersion and as such the Forest Department has felled the timber standing thereon. It is now intimated by the Executive Engineer, Ambligola Project that this area will not come under submersion. The Committee therefore agrees for its release.

Block IV in S.No. 84(21 acres): We have inspected this land. It is surrounded by an area already released on the north and South and hiduvali lands on the West. It was stated that this area becomes irrigated under an existing tank. We are agreed on its release. The Special Officer has undertaken to have the land surveyed by P.W.D. and agreed to take possession of so much that comes under wet cultivation. On this condition the actual portion that is fit for wet cultivation will be released.

3. The scheduled inspection of other areas fixed for to-day and to-morrow cannot be taken up as heavy rains have set in. It is tentatively fixed for 25th and 26th of October 1961.

Sir,

Sub:- Joint Inspection of the Forest lands by the Three Man Committee on 25-10-1961 and 26-10-1961.

In continuation of this office reference of even No. dated 10th November, 1961, I write to state, that the Joint Inspection of further areas proposed to be released in the State Forest of Sagar Division, for the expropriated ryots of SVHEP was carried out by the Three Man Committee on 25th and 26th of October 1961. The details of Forest areas as per sketches enclosed, inspected and decided to be released are given hereunder.

Name of the State Forest.	S.No. and Name of the Village.	Extent of area in acres.
Karadibetta.	45 of Thuppur.	45.00 acres.
-do-	1 of Yerekoppa.	90.00 "
-do-	15 and 22 of Hireharka.	65.00 "
Telgina-ma-ne	21 of Chickbelagunji	25.00 "
Malandur.	2 of Byadarakoppa	20.00 "
Avinahalli.	28,29,30, 75 and 76 of Brahmandbedur.	36.00 "
Iduvani.	26 of Iduvani.	45.00 "
	Totals:-	316.00 acres.

2. I enclose herewith a copy of the proceedings of Joint Inspection of the Three Mand Committee on 25th and 26th of October, 1961 for kind perusal.

3. I request, that orders releasing these may be kindly obtained and communicated to this office early.

4. Regarding the removal of malki from these areas, I write to state, that I have instructed the District Forest Officer, Saga-r to take up the extraction of the saleable timber in all these areas, and also to the Fuel Supply Division Officer, to arrange for clearance in the areas suitable for supplies to Mysore Iron and Steel Works. The residual malki (firewood) in other areas will be got cleared, by disposing it off as per rules by the District Forest Officer, Sagar. 3. Sri S.Obeidullah,
   Special Officer for Rehabilitation,
   Shimoga.

- - -

1. Release of 45 acres in S.No.45 of Thuppur in Karadibetta State Forest.

We have inspected the land, the plot asked is flat ground and we agree for its release.

2. Release of 90 acres of land in S.No.1,~~xf~~ Yarekoppa of Karadibetta State Forest.

This area is in a contiguous block adjoining the land previously released. ~~&~~ We agree for its release.

3. Release of 55 acres of land in S.No.15 and 22 of Hirehanka in Karadibetta State Forest.

We agree for release of land as there is not much tree growth.

4. Release of 70 acres in S.Nos.21 of Chikbelagunji and 2 of Byaderakoppa and Belginamane State Forest and Malandur State Forest respectively.

In S.No.21, there are two blocks asked for an area of 12½ acres which is asked for, is already unauthorisedly occupied by non-expropriated ryots, as such we drop its release. The other block consisting of 25 acres as per sketch is agreed for release.

5. S.No.2 of Byaderakoppa which falls in Malandur State ~~Xxxx~~ Forest was inspected by us and we have agreed for release of 20 acres.

22. Complete shifting of Nagar.

"If the entire extent of land belonging to any individual Khatedar or Tenant is acquired leaving structures only, such structures should also be acquired, provided the concerned party is shifting to a new colony or, any other place of rehabilitation".

Additional subjects.

23. Creation of Special Tahsildar's Office at Hosanagar.

"The Special Officer should examine and send up proposals to Government if necessary".

24. Memo No.PWD 13358/14-12-61 from the Secretary to Government, Public Works Department - Petition of the expropriated persons of Sharavathy Valley Project.

"The petition presents to fresh points invoking recommendations of the Committee".

25. That the displaced tenants who are not getting any money as compensation for lands lost by them should be paid a reasonable sum as 'ex-gratia' in consideration of loss sustained by them.

(By Sri S. Gopala Gowda)

"Recommended to Government for consideration".

26. To request the Forest Department that 4000 acres of additional forest land be released to meet the demands of the displaced persons of Sharavathy Valley Project and a list of these lands be made by the Forest authorities.

"The Committee notes that nearly 5900 acres of Forest lands have till now been released. But as 1300 more families are still to be rehabilitated and the lands available and reserved under Bhadra channel are insufficient the Committee recommends to Government for a further release of 4000 acres of suitable forest vallies and that list of such Forest lands be made by the Forest Department".

Proceedings of the Three Man Committee inspection on 29-12-1961.

Re. Release of forest lands in S.Nos.1, 34 and 24 of Settihalli and 1, 7 and 8 of Chitra-settihalli.

Present:- Sri Y.M.L. Sharma,
Conservator of Forests,
Shimoga.

Sri S. Obeidullah,
Special Officer for Rehabilitation and Irrigation Development in Tunga, Bhadra and Sharavathi projects, Shimoga.

Sri H.L. Nage Gowda,
Deputy Commissioner,
Shimoga District. (Absent)

--

The Deputy Commissioner, Shimoga was unavoidably absent and he had agreed to concur with the decision if it was unanimous. We inspected the above survey Nos. of Settihalli and Chitrasettihalli in Shankar Range, with reference to the sketch placed before us by the Range Forest Officer. The portion asked for release is 100 acres in extent in the valley contiguous to the revenue cultivated lands of Settihalli village. The area has a sparse growth low-lying, grassy and open, not suitable for raising teak plantations. It is therefore agreed that 100 acres as noted in the sketch signed by us may be released.

Sd. Y.M.L. Sharma,
Conservator of Forests,
Shimoga Circle.

Sd.S.Obeidullah,
Special Officer for Rehabilitation,

Sub:- Rehabilitation of displaced ryots and persons in Supa Shedra and Sharavathi Projects - Constitution of an official Committee for the release of forest areas - ordered.

Ref:- Govt. Order No. FAM 464 FGT 59 dated 11-1-62.

.....

I invite your kind reference to the above cited Government Order and write to state that in the above order, Government have been pleased to constitute the Three Man Committee consisting the Deputy Commissioner, Shimoga, Conservator of Forests, Shimoga Circle and the Special Officer for Rehabilitation, for jointly inspecting the forest areas and making recommendations for their release. But it is not quite clear as to whether the forest areas recommended by the Three Man Committee can be released ~~to~~ or the clearance work in the areas decided for release by the Committee can be taken up in anticipation of Government Order.

2. During the meeting of the Officers held at Sagar on 28-3-61 at Sagar under the Chairmanship of the Minister for Forests, it was decided that the forest lands recommended for release should be immediately handed over to the Rehabilitation Department pending issue of Government order after defining the boundary.

I, therefore request you kindly to enlighten me as to whether the clearance work can be taken up in the areas

MYSORE GOVERNMENT SECRETARIAT
No. 2 to 5
15 MAR 1962
FOREST BRANCH

Sir,

Sub:- Release of land for the Rehabilitation of expropriated ryots of Sharavathy Valley and Bhadra Reservoir Projects.

Ref:- Govt. Order No. AFD 464 FGL 59 dt. 15-2-62.

MYSORE GOVT. SECRETARIAT
13 MAR 1962
AGRL. & FOREST DEPT. (FARM) SECTION

In their order referred to above, Government have ordered the disforestment of 1200 acres of land out of Settihalli along with other areas. But no proposals have been submitted to Government regarding disforestment of the area included in Settihalli. It was only proposed in the meeting held under the Chairmanship of the Minister for Forests on 29-3-1961 at Sagar (copy submitted to Government on 28-7-1961) that the Conservator of Forests, Shimoga and the Special Officer for Rehabilitation may inspect 1200 acres in Settihalli and submit their recommendation. According to the recommendation of the Three Man Committee only an area of 100 acres of land in Settihalli and Chitrasettihalli villages has been recommended to be disforested under this office letter of even number dated 24-2-1962. Hence the question of releasing 1200 acres in Settihalli immediately does not arise. A copy of the Conservator of Forest's report received in this connection is also enclosed for perusal. The Conservator of Forests, Shimoga Circle is being informed not to take any action for releasing 1200 acres of Settihalli as now ordered by Government. My action may be ratified. Further Government have ordered to remove the timber and other Forest produce in the areas now ordered to be disforested by 31-3-1962. As pointed out by the Conservator of Forests the time fixed for removal of tree-growth is too short. However the Conservator of Forests has instruct-

Contd. 2

297

instructed the Divisional Forest Officers to complete the clearance before the commencement of the rainy season.

Yours faithfully,

DVP/

CHIEF CONSERVATOR OF FORESTS.

Copy of letter No. M.272-1145/58-59 dated 20th February 1962 from the Conservator of Forests, Shimoga Circle to the Chief Cohservator of Forests, Bangalore.

Sub:- Release of land for the Rehabilitation of expropriated ryots of Sharavathi Valley and Bhadra Reservoir Project.

I invite your kind reference to the G.O. No. AFD 464-FGL 59 dated 15-2-1962 ordering for the release of certain forest areas recommended by the two Man Committee. In the above G.O. an extent of 1200 acres in Settihalli, Chitrasettihalli and Agasarahalli (Settihalli State Forests) has also been ordered for release.

2. During the Officer's meeting held at Sagar on 29-3-61 under the Chairmanship of the Minister for Forests it was decided that the above area of 1200 acres may be inspected by the Conservator of Forests and the Special Officer for Rehabilitation and submit their recommendation. Accordingly after inspection of the area it was recommended to release an extent of 1000 acres so far. In this connection I invite your kind reference to the joint Inspection Note dated 29-12-1961 copy submitted vide this office reference of even number dated 9-2-62. The above proposal of Special Officer for the Rehabilitation to release an extent of 1200 acres was based on the local representations and petitions received from the Public on behalf of the expropriated ryots. The release of 1200 acres therefore does not arise immediately.

3. With regard to the clearance of malki, I write to state that the time limit fixed is too short and it will not be possible to complete the clearance before 31-3-1962. There is likelihood of our realising less revenue for the malki if sold and clearance insisted in a short time. However I have instructed the District Forest Officers to complete the clearance before the commencement of rainy season, as notifying the area for sale as well as estimating the malki itself in new areas released recently will involve atleast 3 weeks to a month. Every effort is being made to clear the areas. The delay in clearance of these areas is mainly due to the understanding and the decision on 29/3/61 at Sagar that the ryots themselves would clear the areas and supply firewood to M.I. & S.W. which has not been possible and which has resulted in loss of nearly nine months time in this.

Dear Sri Murthy,

MYSORE GOVT. SECRETARIAT
29 MAR 1962
AGRL. & FOREST DEPTT. (CENTRAL SECTION)

Sub: Rehabilitation of displaced ryots and persons in Tunga, Bhadra and Sharavathi Projects - constitution of an official Committee for the release of Forest areas.

I invite your kind reference to the D.O. letter No. Rl. Dar. PR. 101/61-62 dated 23-2-1962 of the Special Officer, for Rehabilitation and Irrigation Development in Tunga Bhadra and Sharavathi Projects, Shimoga addressed to Sri S.V.Prabhu, on the above subject and request you kindly to communicate orders of Government as to whether the clearance work can be taken up in the areas recommended by the Three-Man Committee and released pending issue of Government order.

There is great pressure from the expropriated ryots for early release of lands. Some time is also required for clearing the standing growth before the rains. Orders of Government may kindly be communicated early in the matter.

Yours sincerely,

26/3

Sri K.S.N.Murthy,
Deputy Secretary to Government
of Mysore,
Agriculture and Forest Department,
Bangalore.

Sub:- Release of forest lands for the rehabilitation of the expropriated ryots of Sharavathi valley etc.

A Two Man Committee consisting of Chief Conservator of Forests and the Divisional Commissioner Mysore was constituted as per Government order No. AFD 464 FGL 58 dated 5-10-59 to inspect and release the forest areas asked for by the expropriated ryots under Sharavathi valley and Bhadra Reservoir projects. But in the meeting held under the chairmanship of the Minister for Forests on 29-3-61 at Sagar it was decided that hereafter the Deputy Commissioner Shimoga, the Conservator of Forests Shimoga Circle and the Special Officer for Rehabilitation may inspect the proposed forest areas and send their recommendations to Government through the Divisional Commissioner, Mysore and Chief Conservator of Forests, The Three Man Committee consisting of the Deputy Commissioner, Shimoga, the Conservator of Forests Shimoga Circle and the Special Officer for Rehabilitation, jointly inspected the forest areas asked for by the expropriated ryots on 29-9-1961, 25-10-1961 and 26-10-1961 and have recommended the release of an area of 449-00 acres as detailed below:-

S .No. 157 of Malandur village.	...	36.00
S.No. 59,1,81, and 84 of Byrapura village, Karadibetta S.F.	...	97.00
S.No. 45 of Thuppur village, Karadibetta S.F.		45.00

S.No. 21 of Chickbelaganji Teleginamane S.F.		25.00
SNo. 2 of Byadarakoppa Malendur Malandur S.T.		20.00
S.No. 28, 29, 30, 75 and 76 of Brahmanabedur Avinehalli S.F.		35.00
S.No. 26 of Iduvani Iduvani S.F.		45.00
	TOTAL	449.00

In this connection copies of report received from the Conservator of Forests, Shimoga alongwith their accompaniments are enclosed for perusal. I agree with the disforestment of the areas and to surrender the same to the Revenue Department for being allotted to the expropriated ryots. The Conservator ofForests has issued necessary instructions to the Divisional Forest Officer, Sagar and the Fuel Supply Division Officer, Bhadravathi for the disposal of tree growth in these areas.

Orders of Government may be communicated early for taking further action.

DO.No.R2.PR.1/61-62
Encl. ~~xxx~~ Two

Dear Sri Ramaiah,

Re. release ofe certain forest lands recommended by the Three Man Committee.

Ref:- 1. Divisional Commissioner's letter No.POR.29/61-62 dated 2-1-62.
2. Chief Conservator's No.B3.339-1845/59 dated 13-11-1961. to Secretary to Govt.,

---

When I met you at the Secretariat on 3-8-62 your office reported to you that the above references recommending release of certain lands in S.No.157 of Malandoor etc., as per the Three Man Committee recommendations have not been received at the Secretariat. I am therefore enclosing copies of the two letters which are both on the same subject and I request you kindly to obtain sanction of Government to the proposals very early as the matter has already been delayed by 8 months.

Yours sincerely,

(S. Obeidullah)

XXX
